

GARBÍ

design David Dolcini 2016

**LUCE
PLAN**

Type:	Wall	
Light source:	LED 30W ⁽¹⁾ / main power / 2700K 2020 lm (delivered) dimmable with wall control 220-240V~ 50/60Hz	EEL: A
Product use:	Indoor	
Materials:	Die-cast and deep-drawn aluminium	
Colors:	Chrome / White Textured white	
Description:	Garbí is a wall lamp, a single solid volume made of soft, regular surfaces that meet to create precise edges. The indirect light from the LED source combined with that of the space enhance its solid image, gently shaped surfaces and angles, for a striking graphic effect.	

Insulation class: 

Reference code: **D90**
1D900AW00002 Textured white
1D900AW00018 Chrome / White

⁽¹⁾The LED module cannot be replaced

Recommended TRIAC Dimmers at AC 220-240V~ 50/60Hz
