

# Match

Design by Jordi Vilardell & Meritxell Vidal

Unique and unrepeatable, Match is much more than a light fixture. This innovative product stands as a new lighting concept based on co-creation. Using the product configuration software CREA, Match allows you to create structures arranged chaotically, automatically planned on-line and adapted to fit into the room and the space available. The result are infinite artistic configurations based on thin rods of aluminum and LED light terminals, forming a light sculpture that illuminates central themes of space and interior decoration.

**Application:**  
Hanging Lamps.

**Installation type:**  
Recessed.

**Inner diffuser:**  
Polycarbonate.

**Materials:**  
Head: Aluminum.  
Rods: Steel.  
Canopy: Steel.

**Finish:**

- 03 White (RAL 9010)
- 18 Graphite (RAL 7016)

**Electrical characteristics:**

LED 2700 K. CRI >90. 199 lm. 95 lm/W.

**Driver included.** Constant Current 700 mA. 110-240V. 50/60Hz.

**Dimming:** DALI, 1-10V, Push.

**Special order options available**

- Configuration layout at [vibia.com](http://vibia.com)
- Dimming: Casambi.

Min. quantity, upcharge and extra leadtime apply.

**Built-in installation:**

- Electrical connection finials: the minimum height is 10 cm and the dimension of the cut-out is 10,5 cm.
- Nodes:the minimum height is 12 cm and the dimension of the cut-out is 4,5 cm
