

# VIBIA

Price list February 2024

HOLLAND €

# Please read carefully the following

## Terms of sale and delivery

### 1. PRICES

1.1. The given prices are the suggested retail prices without VAT.

1.2. The pricing do not include bulbs (LED lights including LED).

1.3. This price list supersedes all previous ones.

### 2. ORDERS

2.1. For purposes of faster processing all orders must be in writing and directed exclusively to Barcelona (e-mail: [customer.service@vibia.com](mailto:customer.service@vibia.com) order WEB [www.vibia.com](http://www.vibia.com)).

### 3. PAYMENT TERMS

3.1. General payment terms: Payment by wire transfer.

3.2. Please note that the payment deadlines are binding and unchangeable.

3.3. The company will require special payment conditions (TOTAL PAYMENT or ADVANCE PART-PAYMENT) for orders relating to products manufactured in their entirety or partially received directly from clients, such as the Match collection and other customised creations. This applies equally to project orders which due to their volume must be manufactured by request.

3.4. No payment delays for holidays or festivities will be accepted.

3.5. The DUE DATE is calculated in all circumstances from the date on which the invoice is issued and never from the shipping delivery date, nor from the date of receipt of the material.

3.6. The Buyer is not entitled to set counterclaims as long as these are not acknowledged in writing or legally established.

3.7. In case of delay in payment we reserve the right to calculate and apply interest for late payment. We reserve the right to assert further costs.

3.8. We reserve the right at any time not to accept orders or effect deliveries only against advance payment, when the buyer does not meet his payment commitments or meets them only partially.

### 4. CONDITIONS OF TRANSPORT

4.1. Our transport conditions are: Orders from € 500 net will be delivered carriage free. In the case of orders below the carriage prepaid threshold we apply 10% of the net value of the goods as carriage costs at least € 25

4.2. Each order will be inserted individually in our computerized inventory system. We will not accumulate orders to reach the minimum for carriage paid. Once an order has been processed it cannot be modified to reach the minimum for carriage paid since the calculation for shipping costs has already been made by our system and cannot be modified.

4.3. Whenever a Customer requires urgent

shipment, transport costs will be charged regardless of the amount of the order.

4.4. Vibia does not undertake domestic deliveries to private residential addresses.

### 5. CLAIM PROCESSING

5.1. Shortages, visible damage and damaged packaging, but also the suspicion of possible damage must be reflected on the carrier's delivery note (not on Vibia's one) by signing making a reservation to check the goods and the claim shall be sent by fax or email to Vibia no later than 24 hours from receipt of the goods (copy of the transporter's delivery note with the claim comment) for the purpose of compliance with deadlines and faster processing directly to Vibia in Barcelona.

5.2. Non-compliance with point 5.1 can lead to invalidity of a claim for damages on the basis of forwarding legal reasons and any necessary replacement (part) deliveries may be charged.

5.3. The buyer is not entitled to reduce the purchase price, to retain or request changes, unless a following improvement fails or a new delivery is impossible.

5.4. Claims for damages are excluded, except should be proved gross negligence of Vibia Lighting, S.L.U.

### 6. REPAIRS

6.1. If a trading partner desires to repair a lamp, before returning it is necessary to obtain from us an approval and a Return number. The lamp must be correctly packaged and the Return number clearly visible on the outside (otherwise, the delivery will be refused by the factory).

6.2. An estimate of cost will be issued after the lamp has been received in the factory.

6.3. The cost of transport is charged to the trading partner.

6.4. We will not repair lamps when these have been out of our catalogue for more than a year. Replacement parts may be ordered at extra cost, provided they are in stock.

### 7. RETURNS

7.1. Returns are allowed only in the case of claims and must be pre-authorized by us. We reserve the right to repair or replace. Defective goods will be picked up by a freight forwarder authorized by us. For this, we assign a Return number. Please ask us this number before making a return. The claimed goods must be packaged in the original packaging, complete and ready for transport - the Return number must be always visible on each carton (otherwise, the delivery will be refused by the factory), so that the processing can be carried out quickly and accurately.

7.2. In the case of damages due to a non proper return packaging, we reserve the right to charge the corresponding repair costs.

7.3. If after the inspection of the complaint it should be evident that such complaint was not justified, we reserve the right to charge for the expenses incurred.

7.4. Returns of goods. Returned goods will only be accepted with prior authorisation from our sales department, provided that no more than 3 months have passed since Vibia's invoice date, and with the guarantee that the material is returned unopened, in its original packaging. In this case, a depreciation of 15% will be applied to the customer. The cost of transport to Vibia will always be borne by the customer. In no event will returns of special, personalised or customised products be accepted.

### 8. WEB

8.1. To be able to work as an authorised distributor to sell and publish "VIBIA" brand lamps over the website, you must have signed the "AGREEMENT FOR THE ONLINE SALE OF VIBIA PRODUCTS". Ask your local VIBIA sales manager for the terms and conditions.

8.2. The presentation of pictures of the articles or similar forms of representation of VIBIA products, as well as the mentioning of brands in an Internet-based application or similar system must have the explicit written permission of the Vibia Lighting, S.L.U.

### 9. GENERAL REMARKS

9.1. Vibia Lighting, S.L.U. reserves the right to modify without prior notice the models of the current catalogue and valid price list or to take them out of the product range.

9.2. Printing errors reserved.

9.3. The confirmed delivery dates are not binding. Vibia Lighting, S.L.U. strives to comply with all commitments, but cannot be held liable under any circumstance.

9.4. Samplings are possible. Please ask us about the various possibilities.

9.5. Vibia Lighting, S.L.U. reserves the right to change discount rates given in any time.

9.6. Any additional service of the trading partner standing in connection with the distribution of VIBIA lamps (for example, replacement of lamps and components, travel for testing purposes etc.) are covered by the proven Vibia Lighting, S.L.U. trading range. Please refer to our sales guide. In case you should not have it, please ask us.

9.7. All goods, until full settlements of our claims, remain property of the Vibia Lighting, S.L.U.

9.8. The Buyer acknowledges the conditions of sale written down here.

9.9. Vibia Lighting S.L.U. reserves the right to cancel a client account if the outlined sales conditions or agreed commercial terms are not complied with, in the event of activities that may be considered unfair competition or the misrepresentation of the company's trade policies.

9.10. Place of performance and jurisdiction is for all trading partners. Barcelona.

Thanks, February 2024.

\* Casambi refers to wireless dimming solutions. Ask for more information.

Should you need a non-standard product. Please, request sales conditions.

Over the course of this year we shall proceed to standardise our finish codes.

# Vol

Design by Lievore, Altherr, Molina

Vol combines traditional techniques and cutting-edge lighting capabilities. Smooth and streamlined, the simple oval forms create a delicate focal point in a space.

# Skán

Design by Lievore, Altherr, Molina

Minimal volume and maximum lighting functionality. Skán represents a return to what is essential: pure, delicate lines in which the light is the fundamental element while the shape is almost invisible.

# Composing pendants

Next sketches are composed by one or more compositions

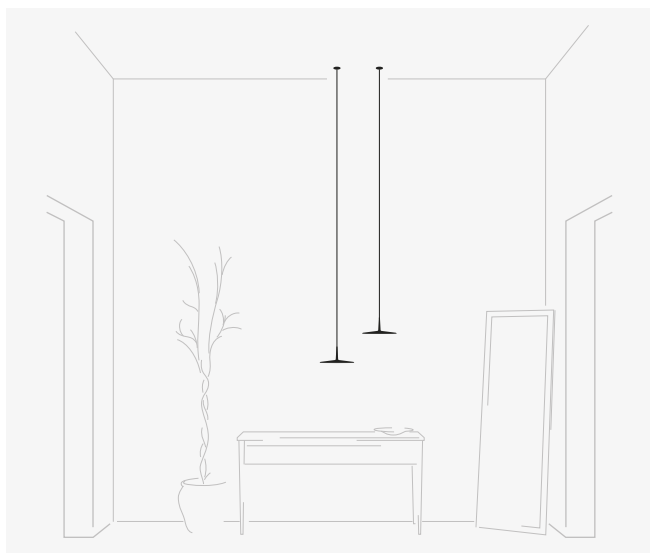

---

5 x 0270.

4 x 0270.

2 x 0270.

Each project is unique.  
Visit [vibia.com](http://vibia.com) and  
chose among multiple  
compositions designed  
and adapted to your  
project needs.

Personalise your own  
Skan composition quick  
and easy at [vibia.com](http://vibia.com)

# Electrical connection options for model 0270

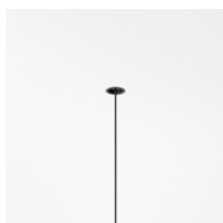

Choose your preferred installation option according to your needs. For each composition, the optimal minimum number of drivers will be delivered.

## Drop ceiling

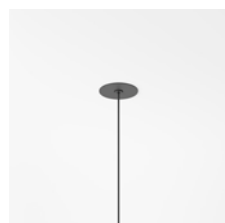

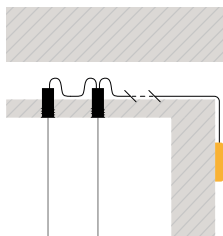

The innovative remote and built-in fittings accentuate the silkiness and lightness of compositions on suspended ceilings, its great visual grandeur taking center stage.

For Ref. 0270

### Remote

**Micro**  $\varnothing$  3 cm  
height 7 cm  
for plaster ceilings.  
Black finish.

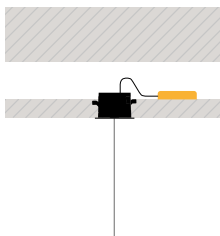

**XXS**  $\varnothing$  6 cm  
height 6 cm  
for all types of drop  
ceilings. Match with  
fixture finish.

### Built-in

$\varnothing$  8 cm  
height 6 cm  
match with  
fixture finish.

## Regular ceiling

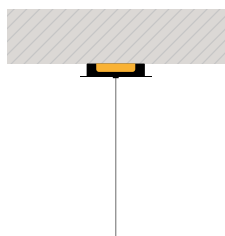

When architecture does not allow for performance, surface and free wire showcase possibilities for any need or desire with no limits, ideal for both individual or cluster arrangements.

For Ref. 0270

### Surface

ø 17,3 cm  
match with  
fixture finish.

### Free Wire

1 wire

ø 20 cm

2 wires

ø 22 cm

3 - 6 wires

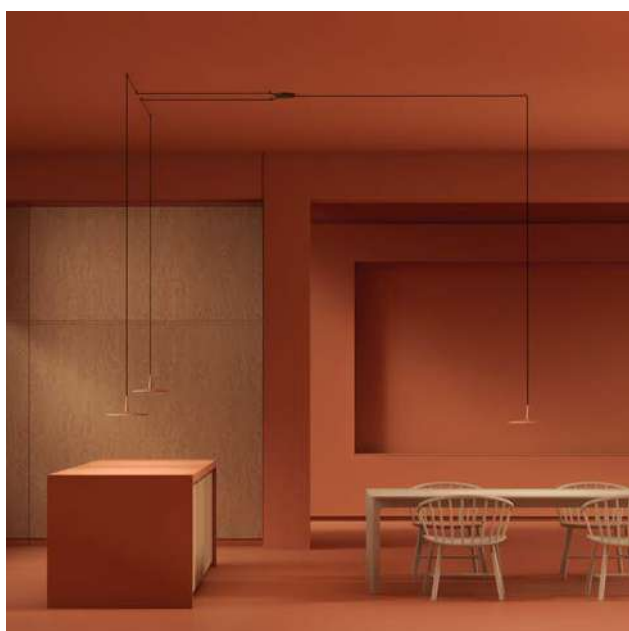

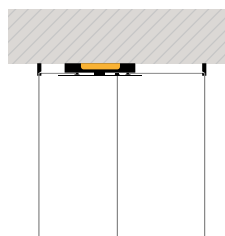

ø 36 cm

7 - 8 wires

ø 40 cm

you can choose the finish of the canopy  
among black, white or any colour  
matching one of the pendants.

# Wireflow

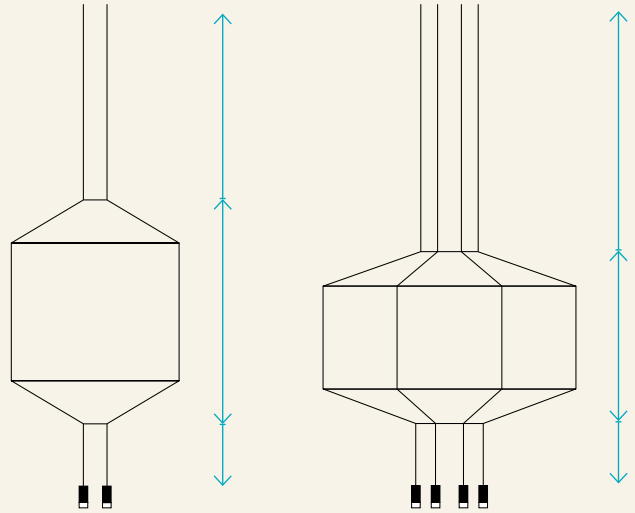

Design by Arik Levy

Crafted of black, electrical cables, Volumetric's airy, three-dimensional outline lends it the feeling of being at once present and absent. The geometric volumes are tipped with LED light terminals in a contemporary take on the traditional chandelier.

Each project is unique. Visit [vibia.com](http://vibia.com) and chose among multiple compositions designed and adapted to your project needs.

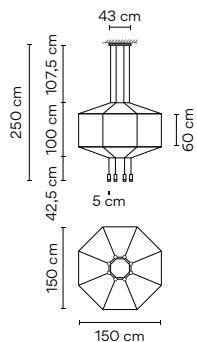

Personalise your own Wireflow composition quick and easy at [vibia.com](http://vibia.com)

# Wireflow Lineal

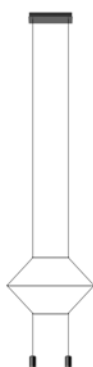

Design by Arik Levy

Crafted of black, electrical cables and lacquered metal rods, Linear traces an airy, two-dimensional outline that lends it a powerful graphic presence. The slim cables are tipped with LED terminals and can be customised.

UNTIL STOCK RUNS OUT

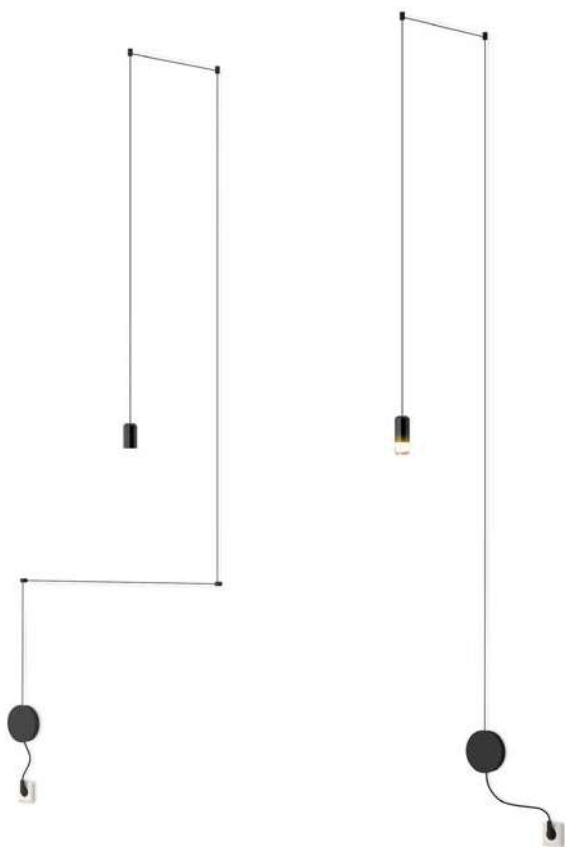

# Wireflow FreeForm

Design by Arik Levy

Crafted of lean, electrical cables that trace airy, geometric outlines, Free Form is equal parts light and fluidity. The customisable fixture features endlessly adjustable shapes and heights, LED light points, and a wall or ceiling canopy to suit any space.

9 x 0345.

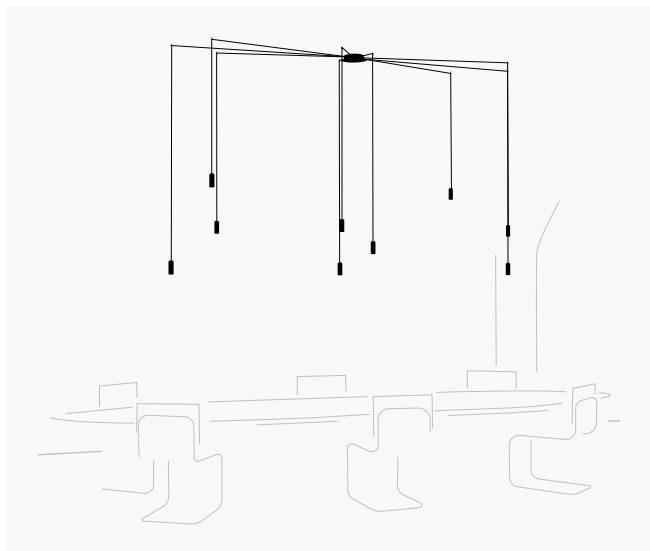

3 x 0361.

# Composing pendants

Next sketches are composed by one or more compositions

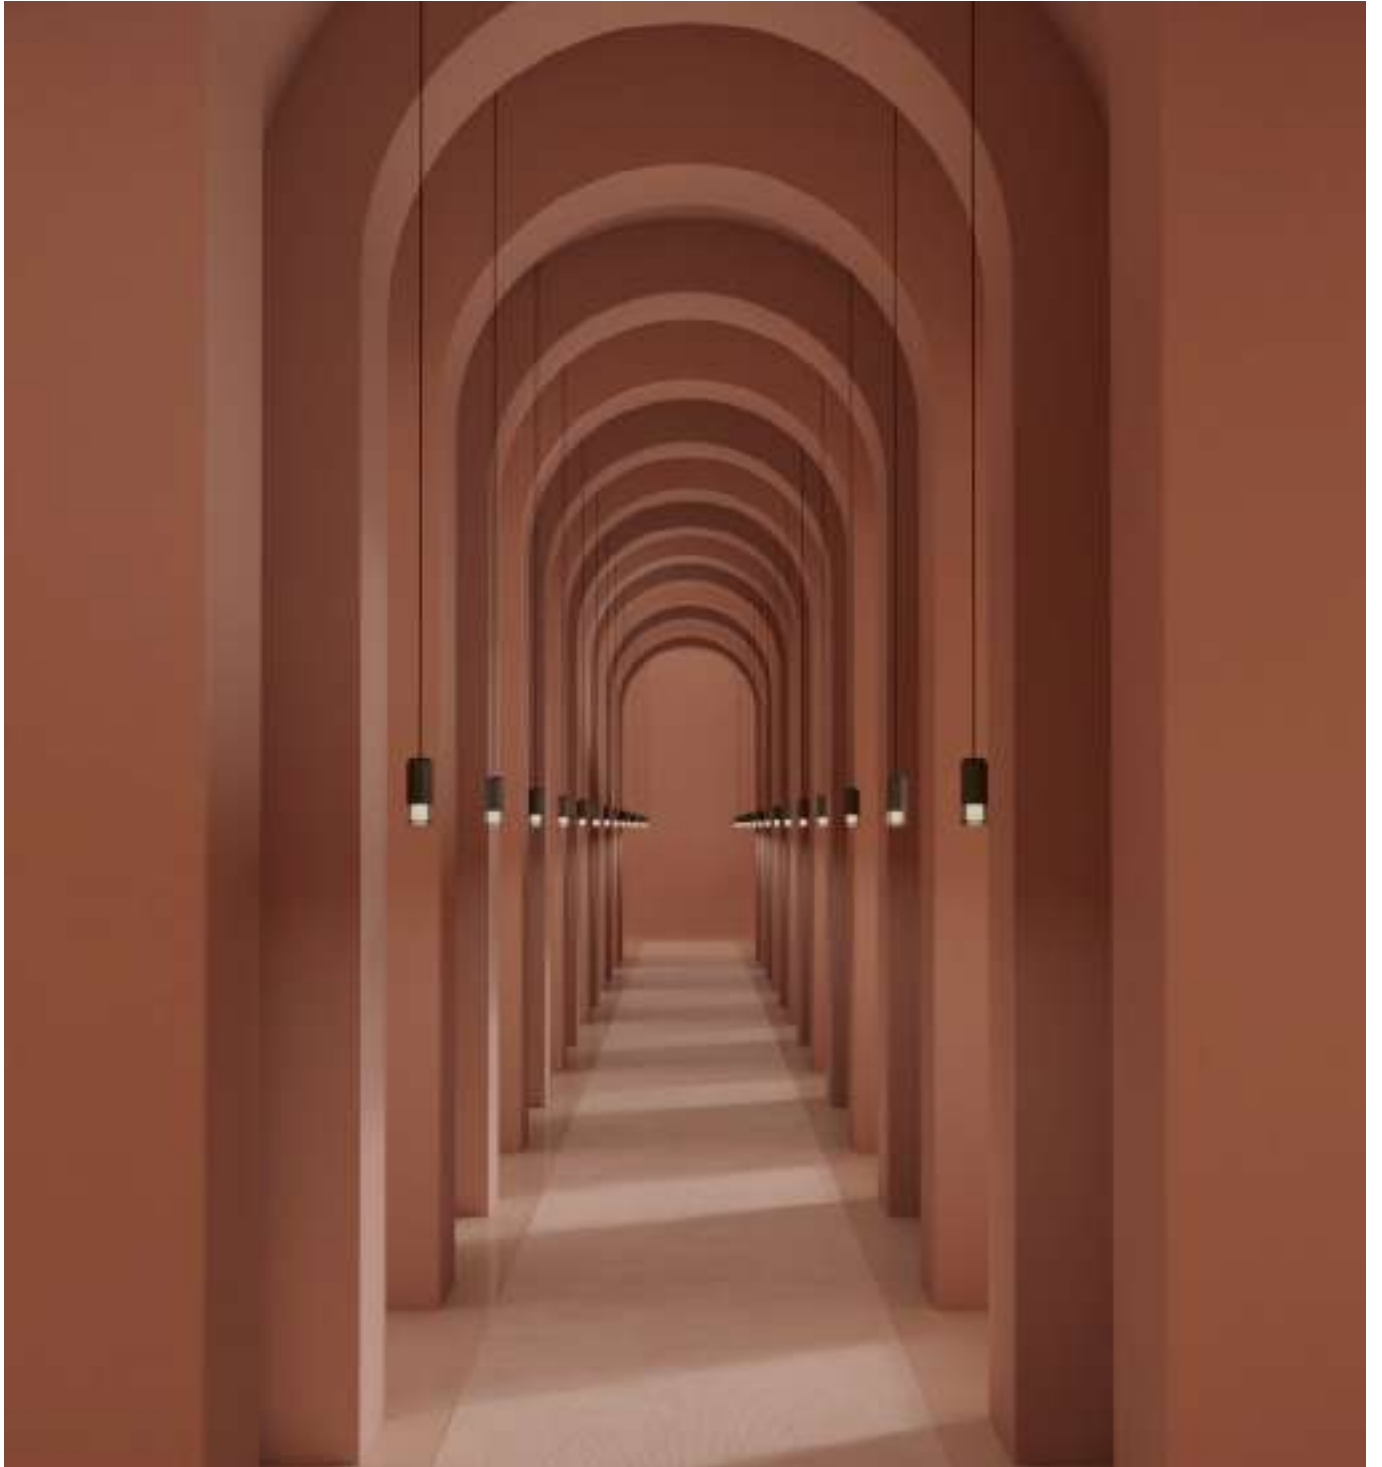

---

9 x 0361.

Each project is unique.  
Visit [vibia.com](http://vibia.com) and  
chose among multiple  
compositions designed  
and adapted to your  
project needs.

Personalise your own  
Wireflow FreeForm  
composition quick  
and easy at [vibia.com](http://vibia.com)

# Electrical connection options for models 0345 / 0361

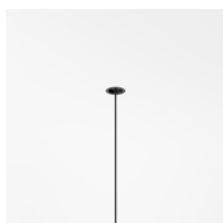

Choose your preferred installation option according to your needs. For each composition, the optimal minimum number of drivers will be delivered.

## Drop ceiling

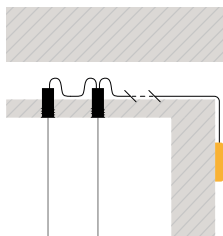

The innovative remote and built-in fittings accentuate the silkiness and lightness of compositions on suspended ceilings, its great visual grandeur taking center stage.

For Ref. 0345 / 0361

### Remote

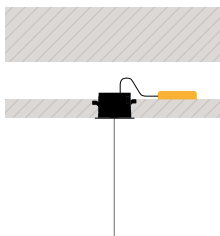

**Micro**  $\varnothing$  3 cm  
height 7 cm  
for plaster ceilings.  
Black finish.

### Built-in

$\varnothing$  8 cm  
height 6 cm  
match with  
fixture finish.

## Regular ceiling

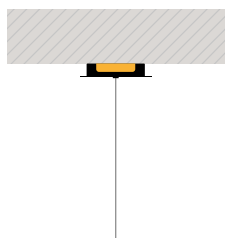

When architecture does not allow for performance, surface and free wire showcase possibilities for any need or desire with no limits, ideal for both individual or cluster arrangements.

For Ref. 0345 / 0361

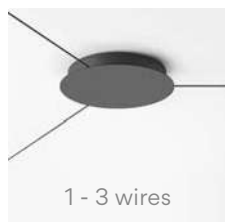

### Surface

ø 20 cm  
match with  
fixture finish.

### Free Wire

1 - 3 wires

ø 20 cm

4 - 6 wires

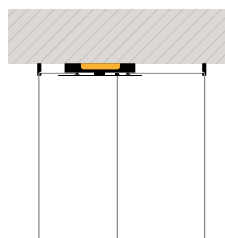

ø 36 cm

7 - 9 wires

ø 40 cm

you can choose the finish of the canopy  
among black, white or any colour  
matching one of the pendants.

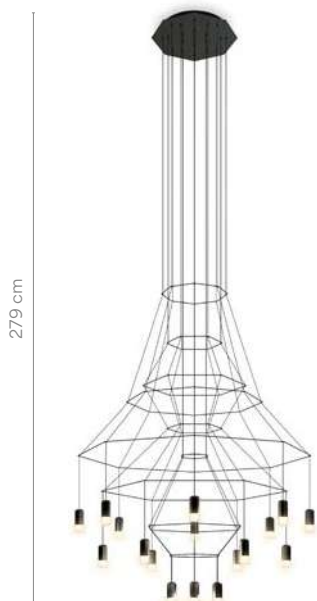

# Wireflow Chandelier

Design by Arik Levy

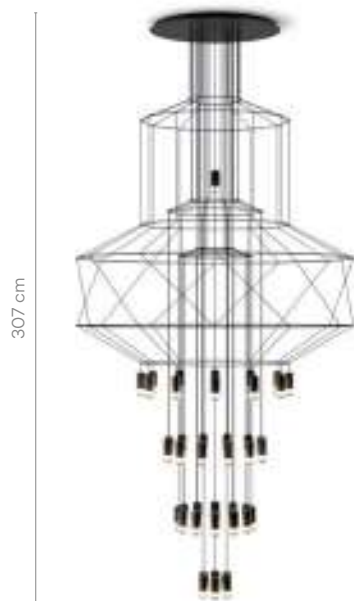

Wireflow is a collection of pendant lights that are at once presence and absence. Featuring slender black, electrical cables tipped with LED light terminals, its three-dimensional forms represent a contemporary reinterpretation of the traditional chandelier.

## Pendants

# Big Built-in

Design by Lievore, Altherr, Molina

Big reimagines the utilitarian ceiling light with an enlarged diffuser that covers nearly the entire chrome fitting. The simple, oversized shape evokes a glowing orb overhead, its pure, geometric silhouette mimicking the effect of a skylight.

# I.Cono

Design by Lievore, Altherr, Molina

Exuding a poised, Scandinavian presence, I.Cono is distinguished by its signature visor-shaped shade that's sleekly angled for a stylish look. Ideal for precision lighting or reading, its pure and clean design conceals its rotation mechanisms.

# Slim

Design by Jordi Vilardell

Elegant and magical, like drops of light falling from the sky, Slim's long, slender strands are suspended by fibre cords to draw the eye upwards.

# Composing pendants

Next sketches are composed by one or more compositions

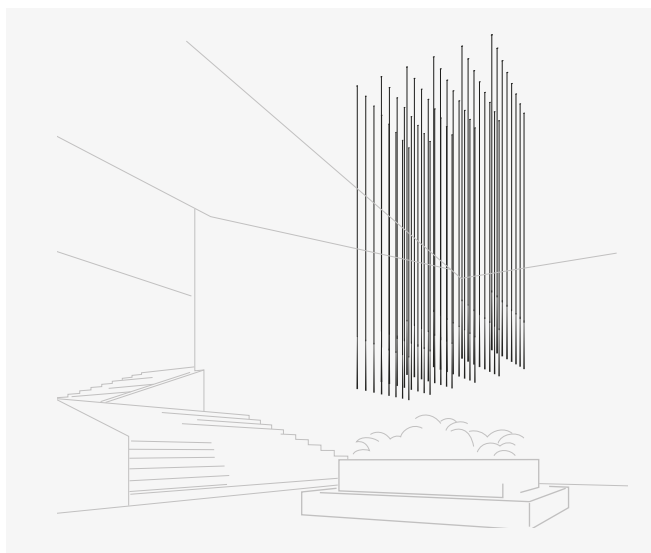

---

22 x 0920.

3 x 0920.

40 x 0920.

Each project is unique.  
Visit [vibia.com](http://vibia.com) and  
choose among multiple  
compositions designed  
and adapted to your  
project needs.

Personalise your own  
Slim composition quick  
and easy at [vibia.com](http://vibia.com)

# Electrical connection options for models 0920

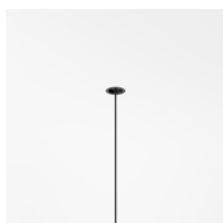

Choose your preferred installation option according to your needs. For each composition, the optimal minimum number of drivers will be delivered.

## Drop ceiling

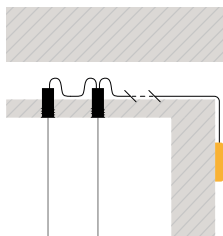

The innovative remote and built-in fittings accentuate the silkiness and lightness of compositions on suspended ceilings, its great visual grandeur taking center stage.

For Ref. 0920 \_\_ /10 / 0920 \_\_ /1B

### Remote

**Micro**  $\varnothing$  3 cm  
height 7 cm  
for plaster ceilings.  
Black finish.

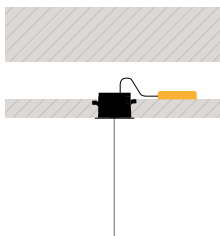

**XXS**  $\varnothing$  6 cm  
height 6 cm  
for all types of drop ceilings. Match with fixture finish.

### Built-in

$\varnothing$  8 cm  
height 6 cm  
match with fixture finish.

---

## Regular ceiling

When architecture does not allow for performance, surface and free wire showcase possibilities for any need or desire with no limits, ideal for both individual or cluster arrangements.

For Ref. 0920\_\_/10

### Surface

# Top

Design by Ramos & Bassols

Soft, spherical shapes and a warm luminescence characterize the Top collection. Its glowing epicenter is encircled by a larger ring, lending the look of framing the light within its pure geometry.

# Flamingo

Design by Antoni Arola

Displaying the elegant poise of the bird that inspired it, Flamingo projects a feeling of weightlessness hovering overhead. The deconstructed design separates the LED light source from its translucent shades, producing gradations of diffuse illumination.

# Pin

Design by Ichiro Iwasaki

Through the exploration of “eternal comfort” in lighting environments PIN aims to provide something new and original yet in harmony with both the old and the contemporary.

# Array

Design by Umut Yamac

A striking pendant of impressive proportions, Array is an exploration of thread and its potential to create lightweight and dynamic sculptures of light.

## Electrical connection options

Choose your preferred installation option according to your needs.

### Drop ceiling

### Regular ceiling

#### **\_31 Remote Micro**

Ø 3 cm  
height 7 cm  
for plaster ceilings.  
Black finish.

#### **\_24 Built-in S**

Ø 8 cm  
height 6 cm  
black finish.

#### **Surface**

Ø 25,5 cm  
height 4,5 cm  
black finish.

Ø 37,5 cm  
height 4,5 cm  
black finish.

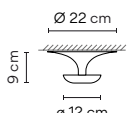

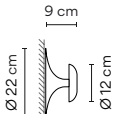

# Funnel

A fluid design defines this ceiling fixture, a streamlined, funnel-shaped base that flows into a protruding cap. The smooth, sculptural curves conceal a light source behind the tip, which reflects back on the funnel form and creates a flood of ambient illumination.

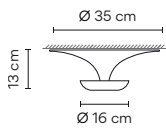

## Ceiling Wall

# Guise

Design by Stefan Diez

Crafted of precision glass and embedded with a row of recessed LEDs, Guise explores the relationship between light and transparency. The light inside the glass appears invisible while the delicately engraved surface radiates an intense glow, the markings beautifully diffusing the light.

# Halo Circular

Design by Martín Azúa

A seamless merging of light and matter, Halo lends the effect of light floating in air. Powered by LED bulbs that remain invisible within their opalized, spherical moulds, the light flows freely from its source.

# Halo Lineal

Design by Martín Azúa

A seamless merging of light and matter, Halo lends the effect of light floating in air. Powered by LED bulbs that remain invisible within their opalized, linear moulds, the light flows freely from its source.

# Composing pendants

Next sketches are composed by one or more compositions

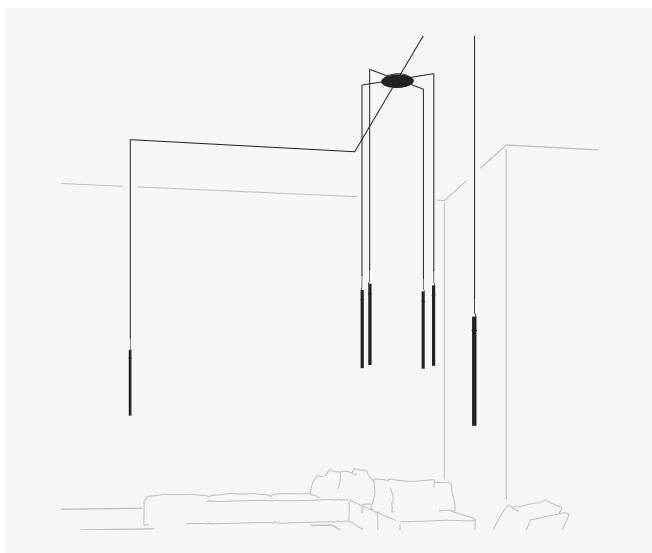

---

17 x 2355.

1 x 2350 and 2 x 2351.

6 x 2355.

Each project is unique.  
Visit [vibia.com](http://vibia.com) and  
chose among multiple  
compositions designed  
and adapted to your  
project needs.

Personalise your own  
Halo composition quick  
and easy at [vibia.com](http://vibia.com)

# Electrical connection options for models 2350 / 2351 / 2355

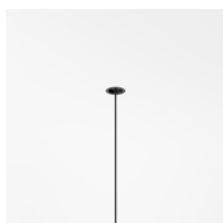

Choose your preferred installation option  
according to your needs.  
For each composition, the optimal minimum  
number of drivers will be delivered.

## Drop ceiling

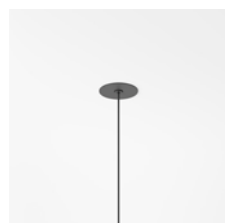

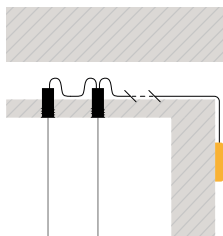

The innovative remote and built-in fittings accentuate  
the silkiness and lightness of compositions on  
suspended ceilings, its great visual grandeur taking  
center stage.

For Ref. 2350 / 2351 / 2355

### Remote

**Micro**  $\varnothing$  3 cm  
height 7 cm  
for plaster ceilings.  
Black finish.

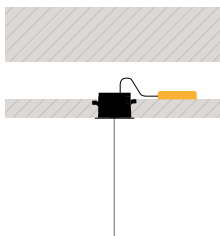

**XXS**  $\varnothing$  6 cm  
height 6 cm  
for all types of drop  
ceilings. Match with  
fixture finish.

### Built-in

$\varnothing$  8 cm  
height 6 cm  
match with  
fixture finish.

---

## Regular ceiling

When architecture does not allow for performance, surface and free wire showcase possibilities for any need or desire with no limits, ideal for both individual or cluster arrangements.

For Ref. 2350 / 2351

### Surface

ø 27 cm  
match with  
fixture finish.

### Free Wire

1 wire

ø 22 cm

2 - 6 wires

ø 36 cm

7 - 9 wires

ø 40 cm

---

For Ref. 2355

### Surface

ø 16 cm  
match with  
fixture finish.

### Free Wire

1 wire

ø 20 cm

2 - 6 wires

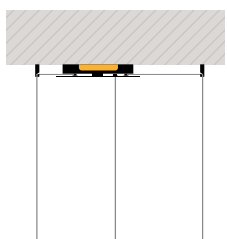

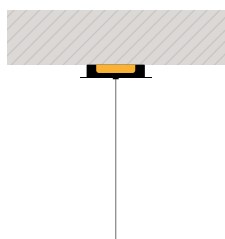

ø 36 cm

7 - 9 wires

ø 40 cm

you can choose the finish of the canopy  
among black, white or any colour  
matching one of the pendants.

# Halo Wall

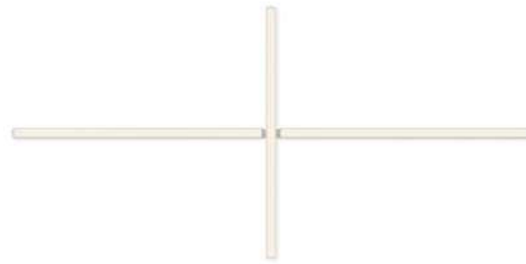

Design by Martín Azúa

A seamless merging of light and matter, Halo Wall lends the effect of light floating in the air and bathing the walls. A feature piece which creates subtle, magical light.

# Cosmos

Design by Lievore, Altherr, Molina

Design and light become one with Cosmos pendant. Flattened spheres in suspension that naturally descend from the ceiling and use light to draw a fluctuating course like a constellation of stars.

# Structural

Design by Arik Levy

Structural's cubic forms pair with slender metal rods that both join and separate the volumes, providing points of light connected in space. Its design deconstructs the light source and casts it in unexpected places, creating sculptural pieces integrated in the architecture.

# Class

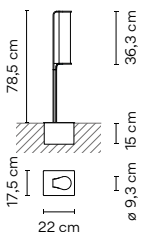

Design by Sebastian Herkner

Timeless, elegant and enduring, Class brings the refined, intimate aesthetic of a patio light with the functional performance of a bollard. Rather than silently integrating into the garden environment, it stands handsome and proud, its cylindrical glass luminaire radiating with a soft, diffuse and indirect light.

## Outdoor

# Dama

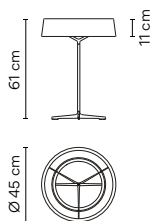

Design by Ludovica+Roberto Palomba

Combining technical quality and refinement with a layer of warmth and intimacy, the Dama collection connects the charm of tradition with the finesse of contemporary lighting design.

Electrical connection  
\_18 Surface Free Wire  
\_23 Built-in  
\_31 Remote Micro for plaster ceilings  
\_32 Remote XXS for all types of drop ceilings

# Electrical connection options for model 3235

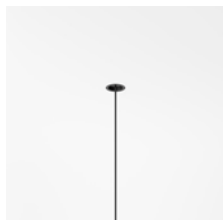

Choose your preferred installation option according to your needs. For each composition, the optimal minimum number of drivers will be delivered.

## Drop ceiling

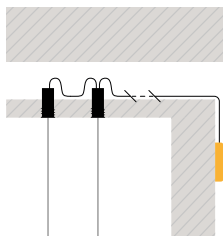

The innovative remote and built-in fittings accentuate the silkiness and lightness of compositions on suspended ceilings, its great visual grandeur taking center stage.

For Ref. 3235

### Remote

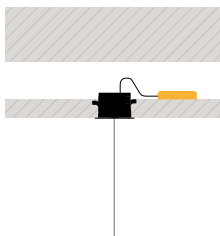

**Micro**  $\varnothing$  3 cm  
height 7 cm  
for plaster ceilings.  
Black finish.

### Built-in

**XXS**  $\varnothing$  6 cm  
height 6 cm  
match with  
fixture finish.

## Regular ceiling

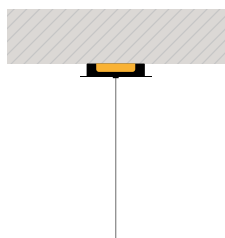

When architecture does not allow for performance, surface and free wire showcase possibilities for any need or desire with no limits, ideal for both individual or cluster arrangements.

For Ref. 3235

### Surface

ø 20 cm  
match with  
fixture finish.

### Free Wire

1 wire

ø 20 cm

2 wires

ø 22 cm

3 - 6 wires

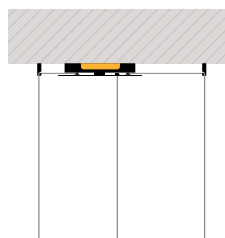

ø 36 cm

7 - 8 wires

ø 40 cm

you can choose the finish of the canopy  
among black, white or any colour  
matching one of the pendants.

# Palma

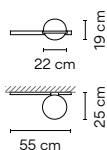

Design by Antoni Arola

The interior ambience takes on a life of its own with the possibility of integrating plants with the lighting compositions. Palma connects light and vegetation as in the natural landscape.

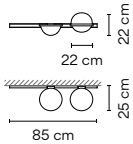

## Wall

# Plis Outdoor

Design by Ramos & Bassols

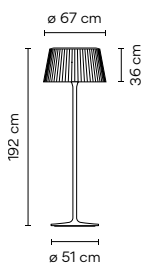

A surprising design which brings the warm atmosphere and textures of the indoors to the garden, terrace or porch. Breaking down boundaries between inside and outside.

# Wind

Design by Jordi Vilardell

A perfect marriage of technology and tradition. Wind's drum shade is made of fibreglass, an innovative webbed texture and pattern that elevates the visual contribution of this timeless silhouette.

# Break

Design by Xuclà & Alemany

Resembling an avant-garde sculpture, Break is distinguished by its architectural attitude. The cubic volumes angle provides down light, while doubling as sculptural outdoor presence.

# Break Plus

Design by Xuclà

An extension of the existing Break collection, defined by an instinctual connection to the landscape and surrounding architecture, Break Plus converts any wall into a three dimensional mural, casting diffuse, indirect light upwards, downwards or in both directions.

# Empty

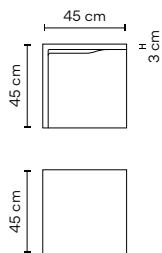

Design by Xuclà

A sculpture by day and lighting by night, this outdoor fixture embodies multifunctional design. Its crisp angles create a cantilevered perch that serves as a side table or stool.

## Outdoor

# Fold Surface

Design by Arik Levy

Fold features a geometric design that creates a striking three-dimensional illumination effect. Light and shadow are projected from its cubic shapes, washing the wall with glowing chevron patterns.

## Wall

UNTIL STOCK RUNS OUT

# Out

Design by Víctor Carrasco

A romantic response to the global transition to life outside, Out brings the intimacy of indoor lighting outdoors. Suitable for illuminating a table or meeting point, this luminaire emanates with a soft, diffuse downlight, its source obscured by a translucent screen.

# Up

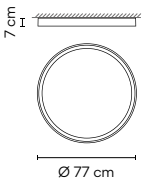

Design by Ramos & Bassols

Inspired by the look of neoclassical cornices, Up blends seamlessly into the ceiling. With its flat LED diffusion system and refined rim, it gives the appearance of uniform light passing from an opening in the ceiling through a sleek frame.

# Origami

Design by Ramón Esteve

Recalling the folded paper of the Japanese art form for which it's named, Origami generates a stunning play of light and shadows. Composed of two architectural modules that be arranged in countless personalized designs, it creates the effect of climbing ivy along a blank expanse of wall.

---

# Palo Alto

Design by Xuclà

At once natural and architectural, Palo Alto creates the effect of illuminated landscaping. Its angular, tree-shaped silhouette integrates seamlessly with the outdoors whether displayed individually or in a group.

# Brisa

Design by Lievore, Altherr, Molina

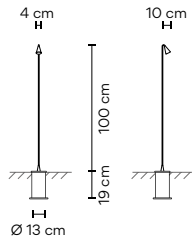

Inspired by the forest blue bell flower, Brisa adds a nature-inspired accent to any outdoor space. Its long, slender stem is topped with a pendant, conical shade and features adjustable, revolving arms.

# Dots

Design by Martín Azúa

A diminutive wall sconce delivers outsized impact in the form of simple, circular dots. Seamlessly connecting a space with an intimate landscape of beams and halos, the collection creates a melody of light like a composition of musical notes in concert with another.

---

# Dots Outdoor

Design by Martín Azúa

Easily mistaken for a stone during the day, this fixture is designed to nestle into the undergrowth of a garden or amongst the potted plants of a patio. Dots Outdoor shines at night with a low, diffuse and indirect glow, the source of which is invisible from almost any angle.

# Meridiano

Design by Jordi Vilardell & Meritxell Vidal

Meridiano features a grid of steel slots through which LED light radiates outwards in a dramatic sunburst pattern. Topped with foam, it doubles as a seat or side table, its airy architecture integrating easily into outdoor spaces.

# June

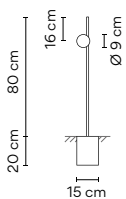

Design by Ana Mir + Emili Padrós (emiliana design studio)

Inspired by traditional lanterns, June recall garlands festooned throughout an outdoor space. Its moon-like spheres cast a warm, ambient glow.

# Bamboo

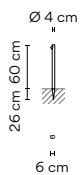

Design by Antoni Arola & Enric Rodríguez

Bamboo's lean, natural form perfectly lends itself to an outdoor setting. Studded with LEDs, it seamlessly integrates with the landscape while adding a wash of light to walkways and common spaces.

# Duo

Design by Ramos & Bassols

Natural warmth. Simple volumes with a sculptural quality, easily integrated with the architecture of the ceilings where they are fitted allowing the lights to become focal points without being suspended.

# Ghost

Design by Arik Levy

A study in contrasts, the Ghost collection embodies both spirit and materiality, discretion and presence. A contemporary reimagining of the grand lights that once graced entryways and living areas, its sensuous form radiates a welcoming, luminous sensitivity.

A colour glass diffuser can be placed in the lower glass for an amber or burgundy light effect

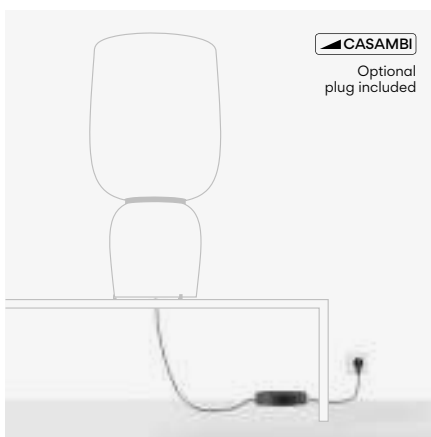

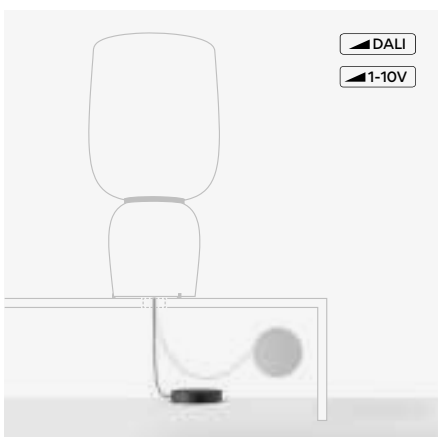

## Dimming and installation options

/15: Push-dimming model equipped with two buttons, one for each diffuser. A quick push turns the light on and off, a longer presson dims the light.

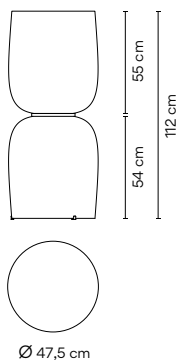

Dimming and installation options: The driver of the DALI, 1-10V and Casambi versions is enclosed in a box at the end of the cable.

# Balance

Design by Jordi Vilardell

Balance features a classic drum shade cantilevered from its column. Adjusting a small pull cord on the diffuser activates the fixture's counterweight system, enabling it to move to the right or left, or up or down-all the while remaining parallel to the floor.

# Puck

Design by Jordi Vilardell

Inspired by the classic circle silhouette, Puck panel light's simple, spherical forms can be superimposed on one another, lending sensibility overhead. Crafted of premium, opal triplex blown glass, it casts a warm glow.

# Puck Wall Art

Design by Jordi Vilardell

Puck Wall Art is comprised of different disks to create a warm, visually sharp and mathematically creative effect. There are four sizes of disks, allowing the designer to play with varied combinations of indirect light. The resulting design comprises a set of highly dynamic, sculptural compositions.

# Mayfair Mini

Design by Diego Fortunato

Mayfair is a modern reimagining of the traditional 19th-century lights, distinguished by its timeless design and sleek silhouette.

## Table

# Mayfair

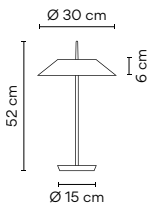

Design by Diego Fortunato

Mayfair is a modern reimagining of the traditional 19<sup>th</sup>-century lights, distinguished by its timeless design and sleek silhouette.

# Composing pendants

Next sketches are composed by one or more compositions

---

6 x 5520.

4 x 5525.

4 x 5525.

Each project is unique.  
Visit [vibia.com](http://vibia.com) and  
choose among multiple  
compositions designed  
and adapted to your  
project needs.

Personalise your own  
Mayfair composition quick  
and easy at [vibia.com](http://vibia.com)

# Electrical connection options for models 5520 / 5525

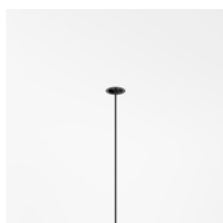

Choose your preferred installation option according to your needs. For each composition, the optimal minimum number of drivers will be delivered.

## Drop ceiling

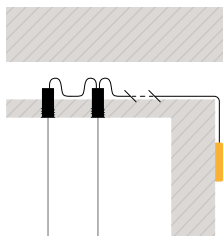

The innovative remote and built-in fittings accentuate the silkiness and lightness of compositions on suspended ceilings, its great visual grandeur taking center stage.

For Ref. 5520 / 5525

### Remote

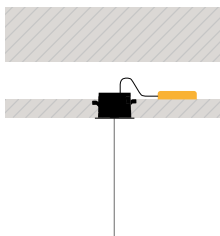

**Micro** ø 3 cm  
height 7 cm  
for plaster ceilings.  
Black finish.

### Built-in

ø 8 cm  
height 6 cm  
match with  
fixture finish.

---

## Regular ceiling

When architecture does not allow for performance, surface and free wire showcase possibilities for any need or desire with no limits, ideal for both individual or cluster arrangements.

For Ref. 5520 / 5525

### Surface

ø 16 cm

match with  
fixture finish.

### Free Wire

1 wire

2 - 6 wires

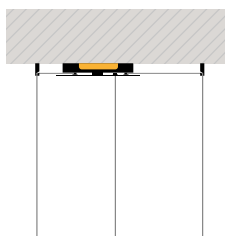

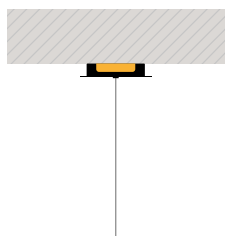

7 - 9 wires

ø 20 cm

ø 36 cm

ø 40 cm

you can choose the finish of the canopy  
among black, white or any colour  
matching one of the pendants.

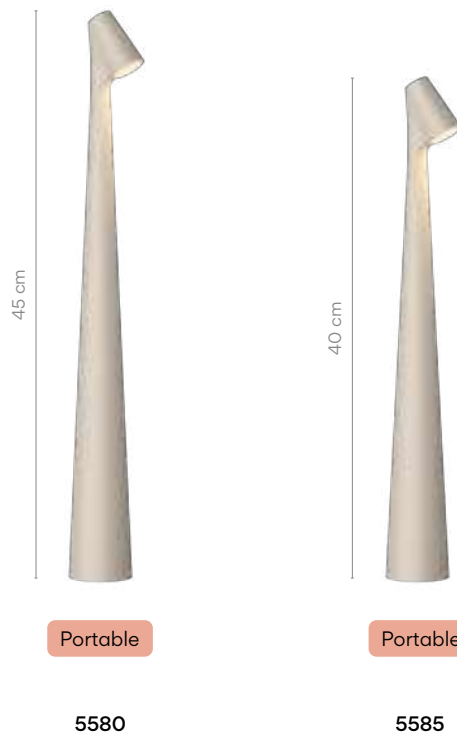

# Africa

Design by Francisco Gomez Paz

An object of desire, Africa is a unique gift that combines richness of form and materiality with high performance lighting capabilities. A holistic exploration of beauty, functionality and the essence of humanity.

# Composing pendants

Next sketches are composed by one or more compositions

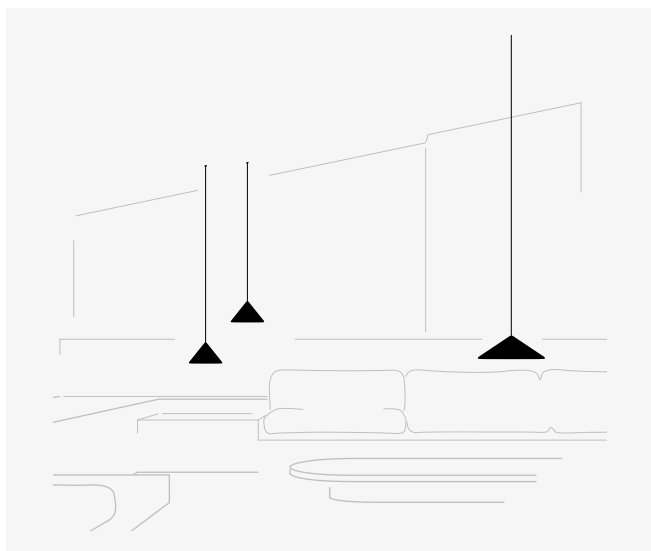

---

4 x 5660.  
4 x 5662.  
4 x 5664.

1 x 5664.  
3 x 5660.

2 x 5662.  
1 x 5664.

Each project is unique.  
Visit [vibia.com](http://vibia.com) and  
chose among multiple  
compositions designed  
and adapted to your  
project needs.

Personalise your own  
North composition quick  
and easy at [vibia.com](http://vibia.com)

# Electrical connection options for models 5660 / 5662 / 5664

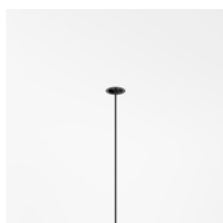

Choose your preferred installation option  
according to your needs.  
For each composition, the optimal minimum  
number of drivers will be delivered.

## Drop ceiling

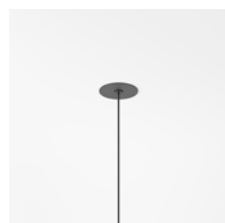

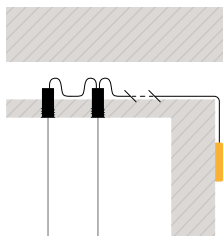

The innovative remote and built-in fittings accentuate  
the silkiness and lightness of compositions on  
suspended ceilings, its great visual grandeur taking  
center stage.

For Ref. 5660 / 5662 / 5664

### Remote

**Micro** ø 3 cm  
height 7 cm  
for plaster ceilings.  
Black finish.

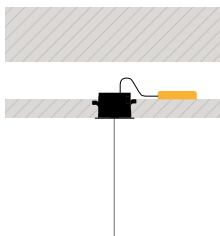

**XXS** ø 6 cm  
height 6 cm  
for all types of drop  
ceilings. Match with  
fixture finish.

### Built-in

ø 8 cm  
height 6 cm  
match with  
fixture finish.

## Regular ceiling

When architecture does not allow for performance, surface and free wire showcase possibilities for any need or desire with no limits, ideal for both individual or cluster arrangements.

For Ref. 5660 / 5662 / 5664

### Surface

ø 18 cm

match with  
fixture finish.

### Free Wire

1 wire

ø 20 cm

2 wires

ø 22 cm

3 - 6 wires

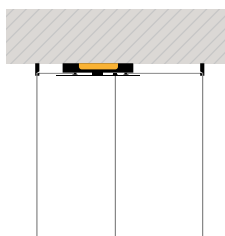

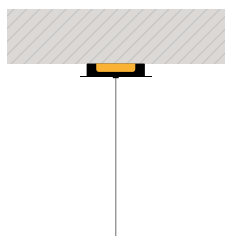

ø 36 cm

7 - 8 wires

ø 40 cm

you can choose the finish of the canopy  
among black, white or any colour  
matching one of the pendants.

# Tempo

Design by Lievore, Altherr

Timeless character. The Tempo collection by Lievore Altherr reclaims our collective memory of light, making it contemporary through its most essential expression. Shades with an architectonic profile recreate different ambiances bringing them right up-to-date with new additions and uses.

# Composing pendants

Next sketches are composed by one or more compositions

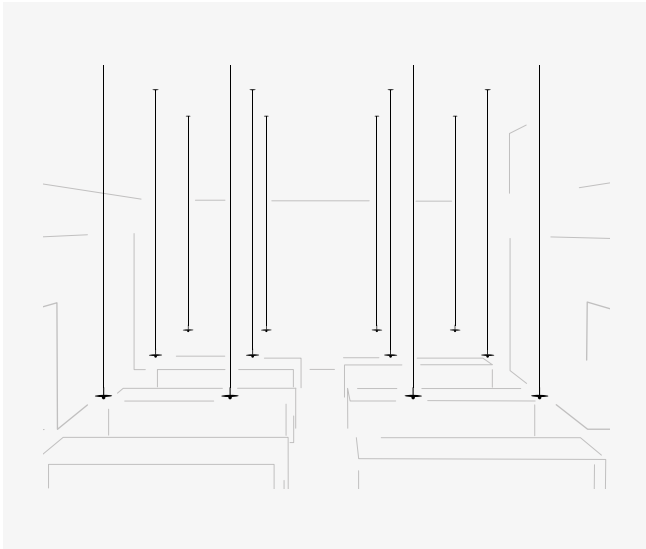

---

8 x 5772.

6 x 5772.

12 x 5770.

Each project is unique.  
Visit [vibia.com](http://vibia.com) and  
choose among multiple  
compositions designed  
and adapted to your  
project needs.

Personalise your own  
Tempo composition quick  
and easy at [vibia.com](http://vibia.com)

# Electrical connection options for models 5770 / 5772 / 5774

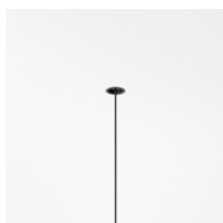

Choose your preferred installation option  
according to your needs.  
For each composition, the optimal minimum  
number of drivers will be delivered.

## Drop ceiling

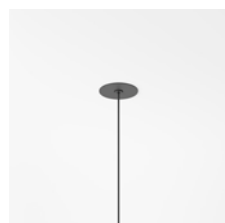

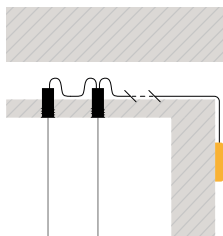

The innovative remote and built-in fittings accentuate  
the silkiness and lightness of compositions on  
suspended ceilings, its great visual grandeur taking  
center stage.

For Ref. 5770 / 5772 / 5774

### Remote

**Micro**  $\varnothing$  3 cm  
height 7 cm  
for plaster ceilings.  
Black finish.

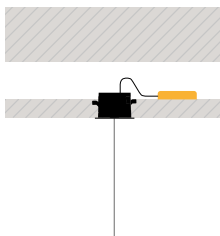

**XXS**  $\varnothing$  6 cm  
height 6 cm  
for all types of drop  
ceilings. Match with  
fixture finish.

### Built-in

$\varnothing$  8 cm  
height 6 cm  
match with  
fixture finish.

---

## Regular ceiling

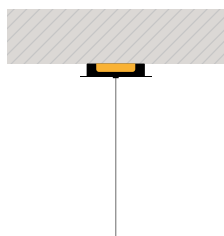

When architecture does not allow for performance, surface and free wire showcase possibilities for any need or desire with no limits, ideal for both individual or cluster arrangements.

For Ref. 5770 / 5772 / 5774

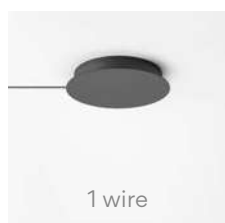

### Surface

ø 16 cm  
match with  
fixture finish.

### Free Wire

1 wire

ø 20 cm

2 - 6 wires

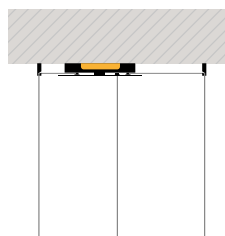

ø 36 cm

7 - 9 wires

ø 40 cm

you can choose the finish of the canopy  
among black, white or any colour  
matching one of the pendants.

# Flat

Design by Ichiro Iwasaki

Flat's distinctive, disc-shaped diffusers form horizontal planes of light that integrate with the surrounding architecture. A study in geometry, the collection creates layers of light that infuse a space with a soothing, Zen sensitivity.

---

# Composing pendants

Next sketches are composed by one or more compositions

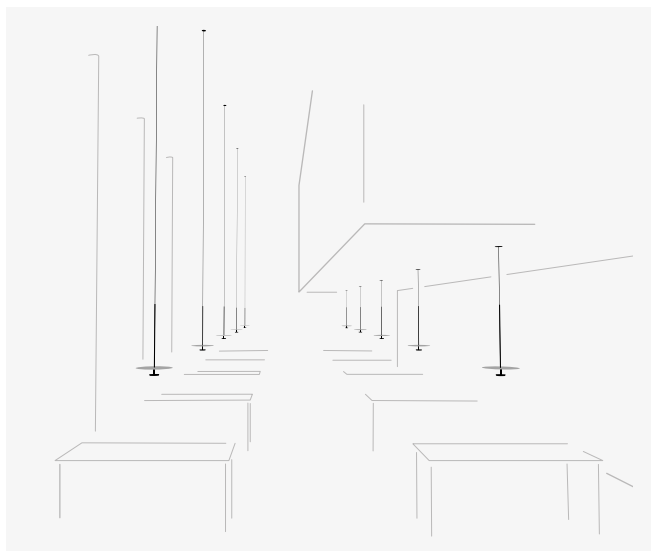

---

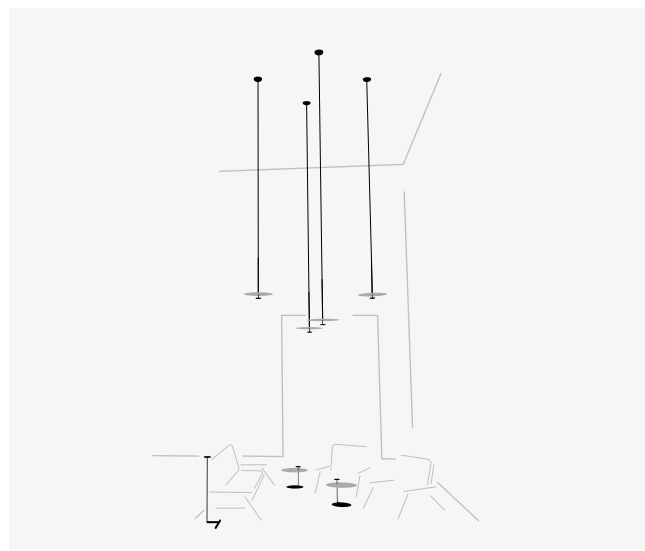

4 x 5935.

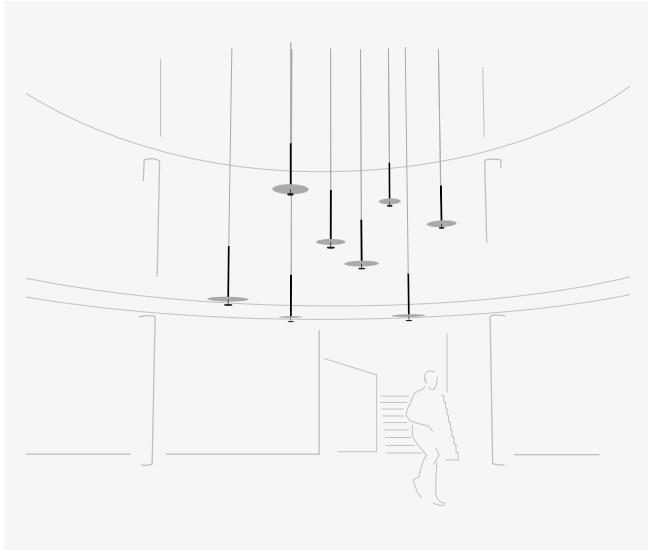

5 x 5935.

10 x 5935..

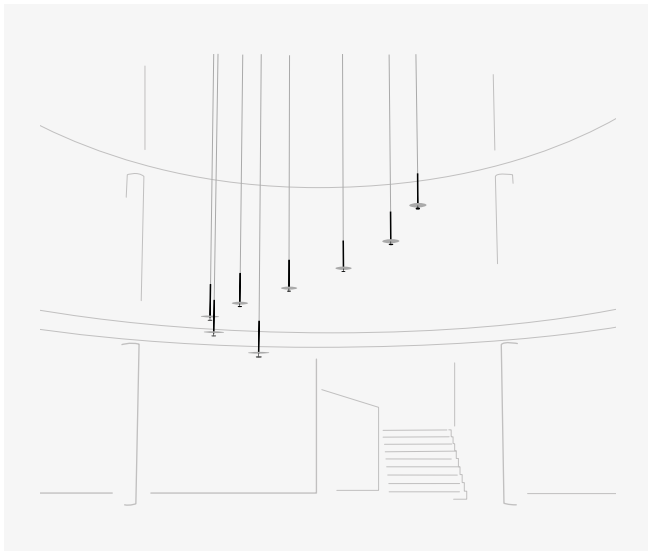

4 x 5935.

8 x 5935.

Each project is unique.  
Visit [vibia.com](http://vibia.com) and  
choose among multiple  
compositions designed  
and adapted to your  
project needs.

Personalise your own  
Flat composition quick  
and easy at [vibia.com](http://vibia.com)

8 x 5935.

# Electrical connection options for model 5935

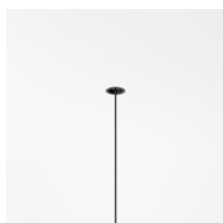

Choose your preferred installation option according to your needs. For each composition, the optimal minimum number of drivers will be delivered.

## Drop ceiling

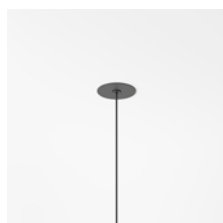

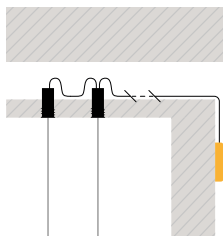

The innovative remote and built-in fittings accentuate the silkiness and lightness of compositions on suspended ceilings, its great visual grandeur taking center stage.

For Ref. 5935

### Remote

**Micro**  $\varnothing$  3 cm  
height 7 cm  
for plaster ceilings.  
Black finish.

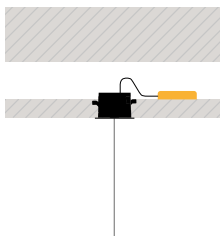

**XXS**  $\varnothing$  6 cm  
height 6 cm  
for all types of drop ceilings. Match with fixture finish.

### Built-in

$\varnothing$  8 cm  
height 6 cm  
match with fixture finish.

---

## Regular ceiling

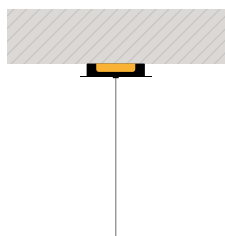

When architecture does not allow for performance, surface and free wire showcase possibilities for any need or desire with no limits, ideal for both individual or cluster arrangements.

For Ref. 5935

### Surface

ø 16,7 cm  
match with  
fixture finish.

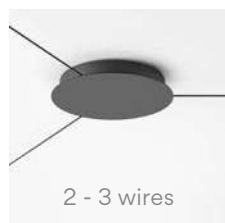

### Free Wire

1 wire

ø 20 cm

2 - 3 wires

ø 22 cm

4 - 6 wires

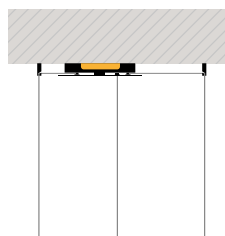

ø 36 cm

7 - 9 wires

ø 40 cm

you can choose the finish of the canopy  
among black, white or any colour  
matching one of the pendants.

# Spa

Design by Ramos & Bassols

Spa is the perfect lighting solution for any wellness space. From public dressing rooms, restaurants and spas, to private kitchens, corridors and bathrooms, its graceful simplicity allows for easy cleaning and seamless integration within the surrounding architecture of a variety of interiors.

# Suite

Design by Jordi Vilardell & Meritxell Vidal

Reinterprets and updates the traditional combination of side table or shelf with table lamp. Its warm and comfortable lighting effect appears when least expected, a pleasant luminous surprise.

# Tube

Design by Ichiro Iwasaki

Shade Landscape. A fluid gesture outlines the tubes, which when set out over a space become the structure that facilitates a meeting of the shades in a harmonious coming together.

---

# Composing pendants

Next sketches are composed by one or more compositions

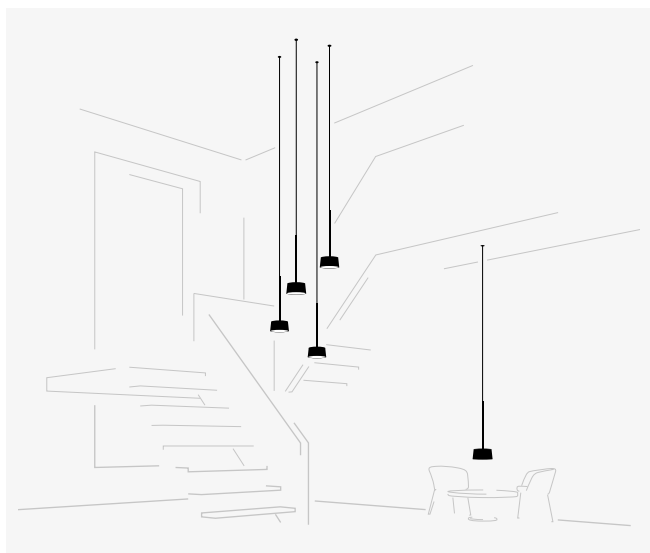

---

6 x 6165.

17 x 6160.

5 x 6160.

Each project is unique.  
Visit [vibia.com](http://vibia.com) and  
chose among multiple  
compositions designed  
and adapted to your  
project needs.

Personalise your own  
Tube composition quick  
and easy at [vibia.com](http://vibia.com)

# Electrical connection options for models 6160 / 6165

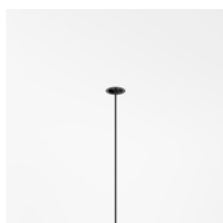

Choose your preferred installation option according to your needs. For each composition, the optimal minimum number of drivers will be delivered.

## Drop ceiling

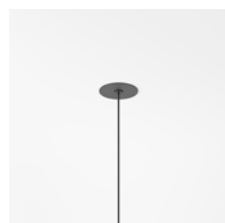

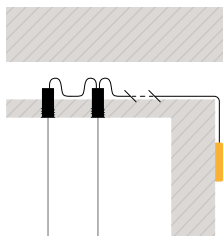

The innovative remote and built-in fittings accentuate the silkiness and lightness of compositions on suspended ceilings, its great visual grandeur taking center stage.

For Ref. 6160 / 6165

### Remote

**Micro** ø 3 cm  
height 7 cm  
for plaster ceilings.  
Black finish.

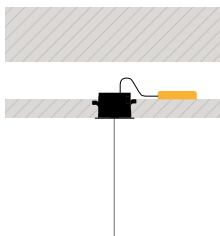

**XXS** ø 6 cm  
height 6 cm  
for all types of drop ceilings. Match with fixture finish.

### Built-in

ø 8 cm  
height 6 cm  
match with fixture finish.

---

## Regular ceiling

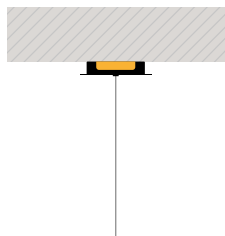

When architecture does not allow for performance, surface and free wire showcase possibilities for any need or desire with no limits, ideal for both individual or cluster arrangements.

For Ref. 6160 / 6165

### Surface

ø 16,8 cm  
match with  
fixture finish.

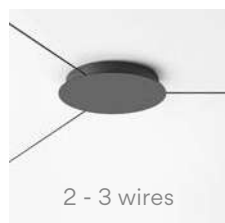

### Free Wire

1 wire

ø 20 cm

2 - 3 wires

ø 22 cm

4 - 6 wires

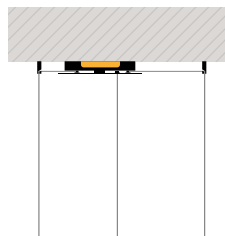

ø 36 cm

7 - 9 wires

ø 40 cm

you can choose the finish of the canopy  
among black, white or any colour  
matching one of the pendants.

# Plusminus

Design by Diez Office.

Plusminus is a versatile lighting system that takes the concept of the light rail to a new level.

The conductive textile ribbon at its core allows for free placement of the luminaires and the creation of unique light solutions on the spot.

## Easy to design and install

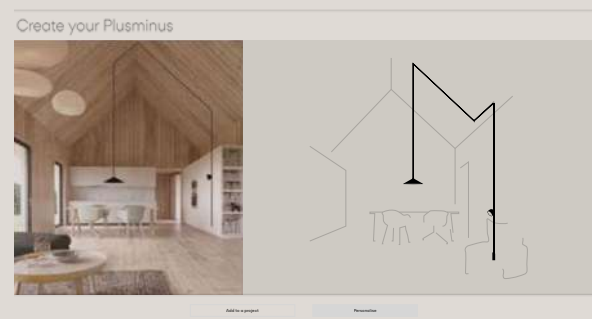

Compose a personalised Plusminus at [vibia.com](https://vibia.com)

### From scratch

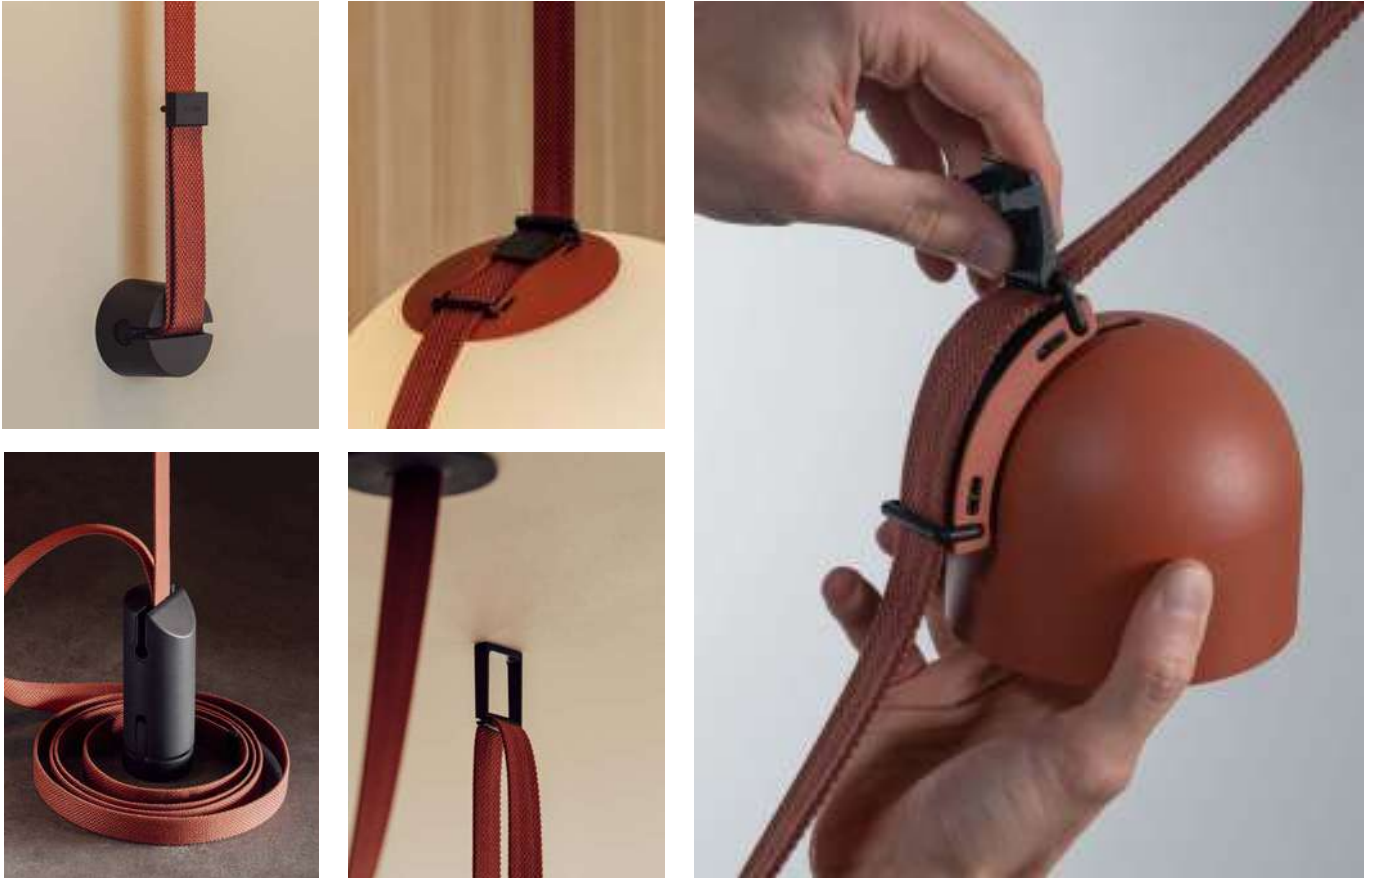

- + Create and compose projects in detail.
- + Draw and customise in 3D to see it in space.
- + Or customise it step by step without drawing.

### From a layout

- + Customise and adapt it to the needs of your project.
- + Add it to your project and edit it at any time.
- + More than 100 creations for you.

## Easy connection Fix / Click / Connect

Each belt, which can be cut as needed, accommodates multiple luminaires and operates with simple plug-in technology for unparalleled ease of installation and connection. The belt offers adjustments in tension from taut to relaxed as well as click-and-connect functionality, snapping into a buckle attached to each luminaire.

# Luminaire types and lighting effects

## Sphere

### **360° Diffusion lighting**

distributes light equally in all directions (360°). It attracts a relaxed gaze towards the point of light, and creates a calm, very comfortable atmosphere. The light sphere bathes all surfaces of the space, producing a peaceful, richer and extremely homogenous ambience.

## Semisphere

### **Directed diffusion lighting**

emits a soft light that generates low contrasts between the illuminated areas and the shadows cast. The opaque part of the shade helps to direct the light through the diffuser, providing illumination that is both peaceful and concentrated at the same time.

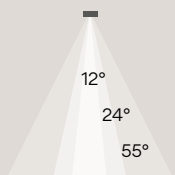

## Cone

### **Directed diffusion lighting**

emits a soft light that generates low contrasts between the illuminated areas and the shadows cast. The opaque part of the shade helps to direct the light through the diffuser, providing illumination that is both peaceful and concentrated at the same time.

## Spotlight

### Directed diffusion lighting

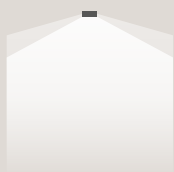

emits a soft light that generates low contrasts between the illuminated areas and the shadows cast. It is ideal for reading situations or when the light output is visible, as it does not produce glare.

### Accent lighting

emphasizes objects or architectural elements with intensive cones of light. Luminance contrasts attract the eye and bring the illuminated objects into the foreground. The light output is directed towards the object or architectural element and not towards the person, in order to avoid glare.

## Linear Diffuser

### General lighting

provides a high degree of uniformity on the horizontal plane and generates a first layer of illumination on which to add more specific lighting applications. It generates soft shadows and subdued brightness in which the space and its component elements do not display visual hierarchies.

## Linear Low UGR

### High-efficiency, low-glare general linear lighting

offers medium brightness and clarity of forms. Direct illumination, extended beam and luminaire performance enable installations with high-energy efficiencies and low-glare levels below UGR<19.

### High-comfort, low-glare general linear lighting

provides high levels of illumination and comfort with UGR levels below 19. It is also ideal for work or meeting areas.

# Luminaire types

It is not possible to order luminaires alone, you need to design your Plusminus on our website [vibia.com](http://vibia.com)

**Dimming options:**  
On/ Off.  
Simultaneous line DALI / 1-10V / Push / Casambi.  
Casambi integrated on each individual luminaire (P2P).

**Body:** Aluminum.  
Net weight 0,95 - 1,73 Kg.

**11** Black  
(NCS S 8500-N)

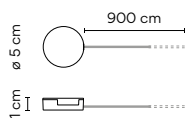

**Plug-in Floor Switch**  
E6 Ø 90 mm.  
**Wattage options:**  
< 60W.

**Driver** Constant Voltage 42V.  
90-305 VAC. 100~240V. 50/60Hz.

**Dimming options:**  
On/ Off.  
Push.  
Casambi P2P.

**Body:** ABS.

**11** Black  
(NCS S 8500-N)

**Wire Connector**  
E8 Ø 3,1 mm.  
**Wattage options:**  
< 60W.  
**Wire connector**  
E8 Ø 5,8 mm.  
**Wattage options:**  
< 60W.  
<240W.

**Driver** Constant Voltage 42V.  
90-305 VAC. 50/60Hz.

**Body:** ABS.

**11** Black  
(NCS S 8500-N)

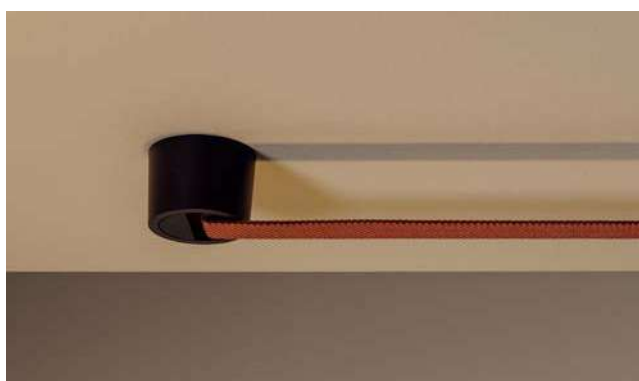

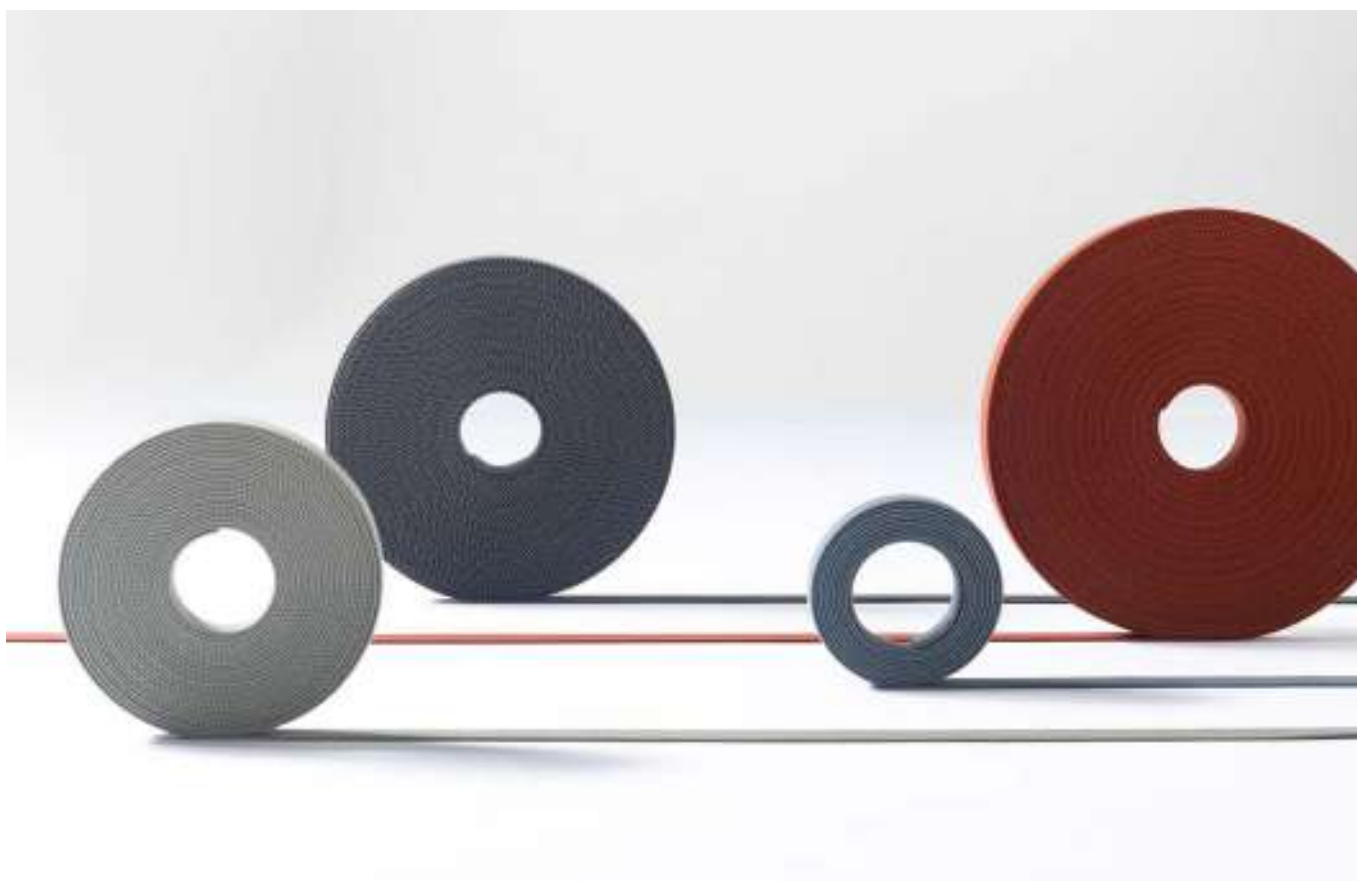

# Belt

Maximum 60 metres per electrical connection, belt length personalised for each composition on [www.vibia.com](http://www.vibia.com)

---

|                                     |             |   |
|-------------------------------------|-------------|---|
| <b>Finishes</b>                     | <b>Belt</b> | <b>Fire Hazard Testing. GW-960.</b>   |
| Black<br>Terra Red<br>Blue<br>Beige | Polyester   | fulfills the requirements of:<br>standards EN 60695-2-10:2013;<br>EN 60695-2-11:2015;<br>EN 60695-2-12:2011 / A1:2014 |

The distance of the belt from the wall or the ceiling, when installed in parallel, is always 4,5 cm.

# Belt terminations

Belt terminations can be adjusted during the installation process according to your preference.

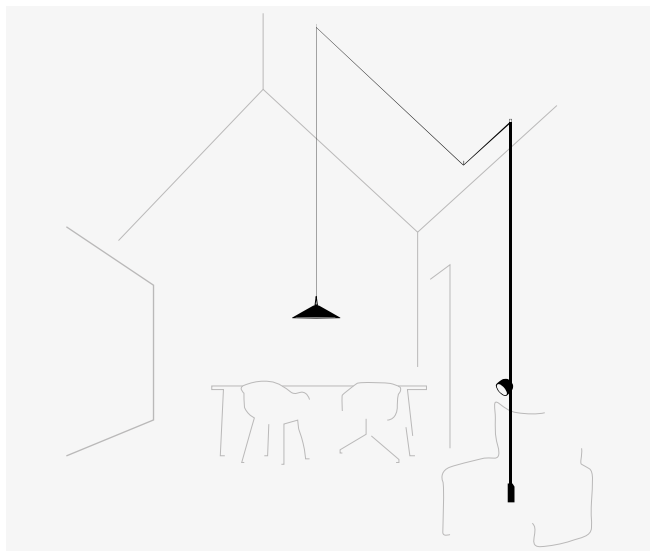

# Composition examples for orientative prices

The final price of the composition depends on the number of luminaires, belt length, dimming control and the electrical connection type chosen.

## Composition examples for orientative prices

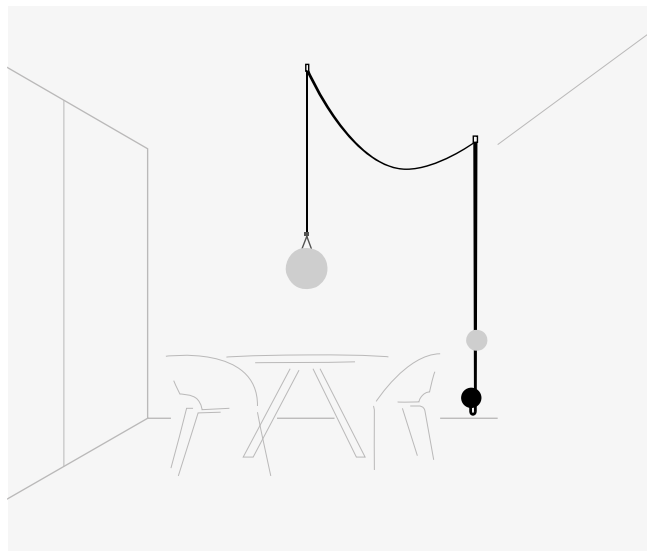

---

Sketch composed by one composition.

2 luminaires: Cone 6240, Spotlight 6215.

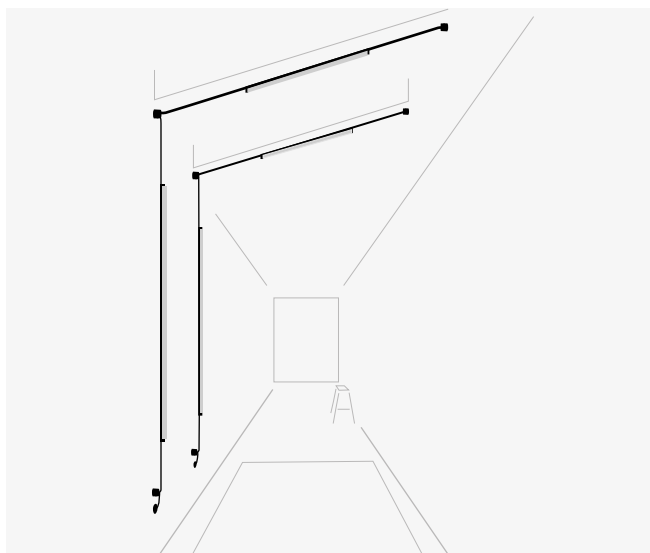

From 1.570,00 €

Sketch composed by one composition.

2 luminaires: Sphere 6230, Sphere 6235.

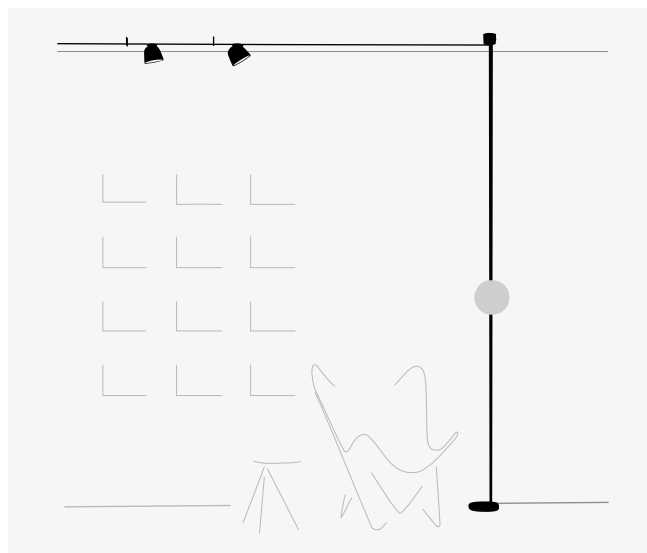

From 1.205,00 €

Sketch composed by two identical compositions.

2 luminaires: Linear Diffuser 6250, Linear Diffuser 6255.

From 1.875,00 € / each composition

Sketch composed by one composition.

3 luminaires: Spotlight 6205 x 2, Sphere 6230.

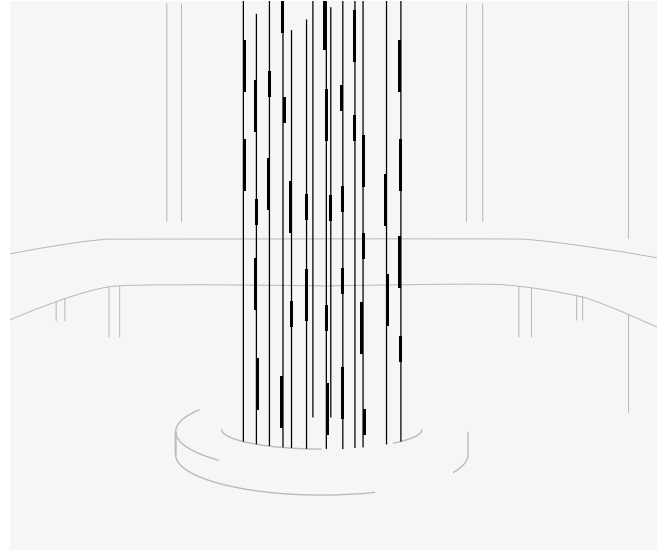

From 1.590,00 €

Sketch composed by one composition.

1 luminaire: Sphere 6230.

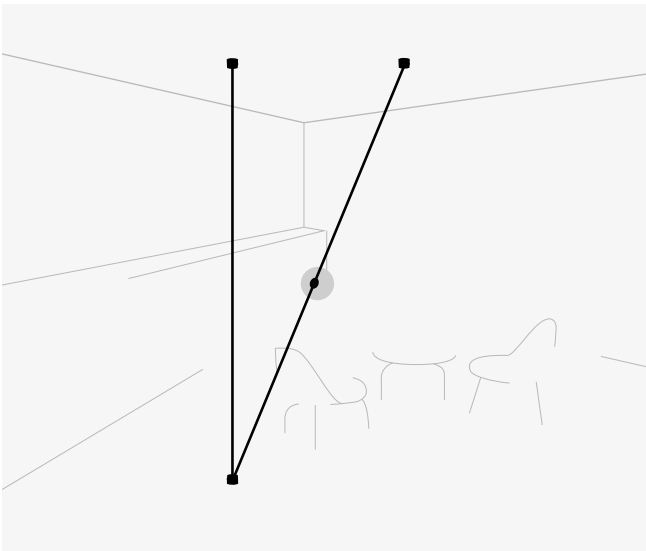

From 720,00 €

Sketch composed by several compositions.

3 luminaires: Linear Diffuser 6255.

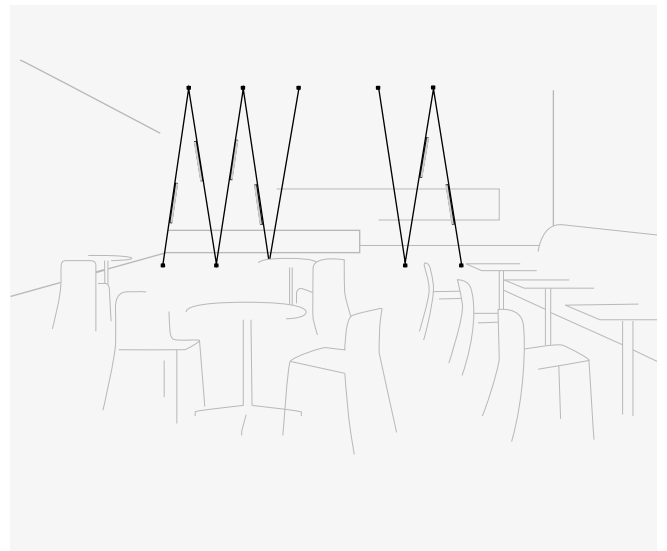

From 2.645,00 € / each composition

Sketch composed by one composition.

1 luminaire: Sphere 6230.

From 980,00 €

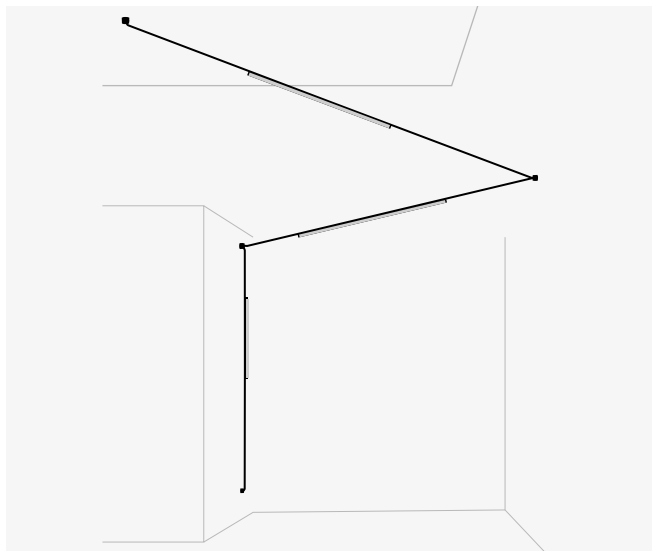

Sketch composed by two compositions.

2 luminaires: Linear Diffuser 6250.

From 1.800,00 € / small composition

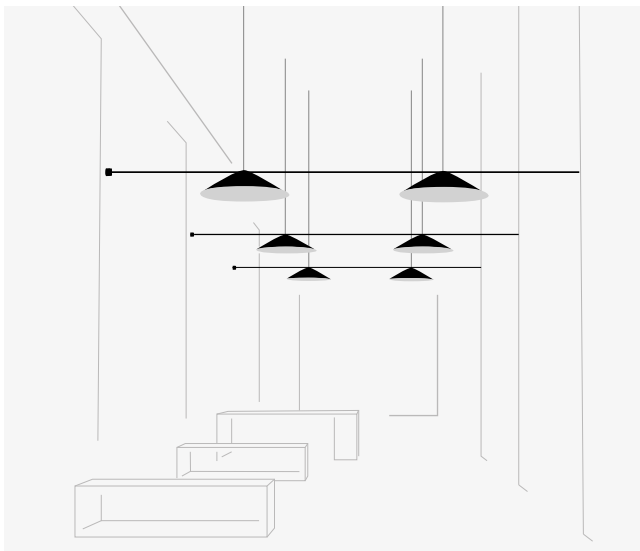

## Composition examples for orientative prices

Sketch composed by one composition.

3 luminaires: Linear Diffuser 6250, Linear Diffuser 6255 x 2.

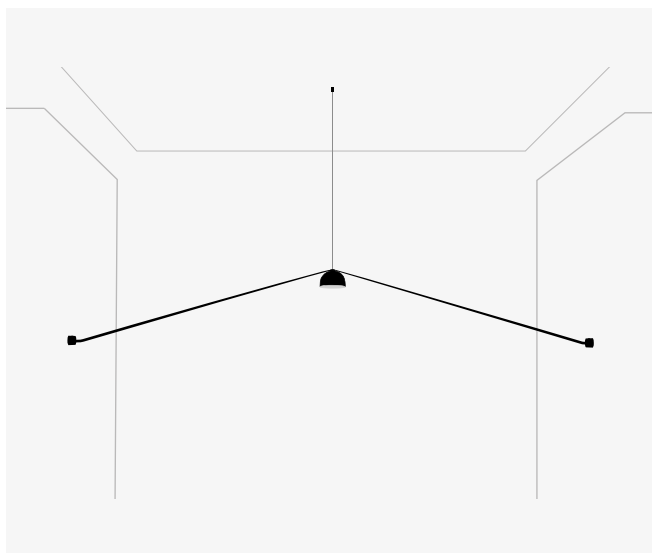

From 2.685,00 €

Sketch composed by three identical compositions.

2 luminaires: Cone 6245 x 2.

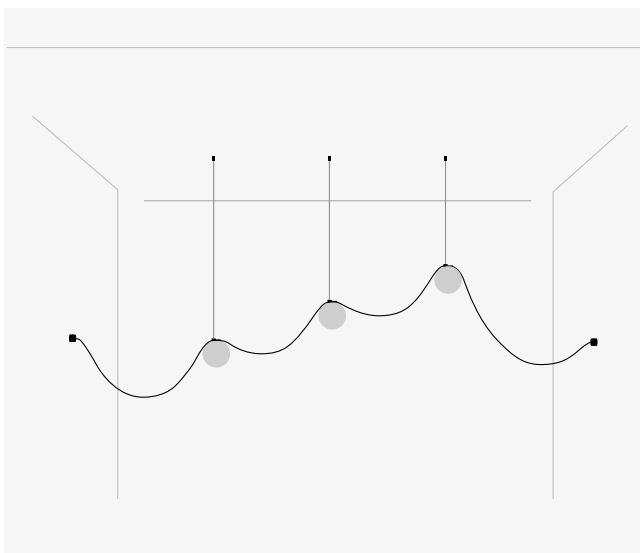

From 2.260,00 € / each composition

Sketch composed by one composition.

1 luminaire: Semisphere 6225.

From 965,00 €

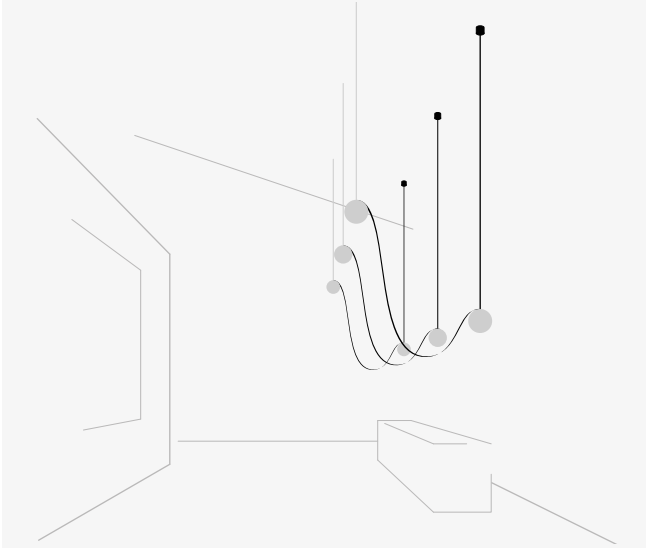

Sketch composed by one composition.

3 luminaires: Sphere 6230 x 3.

From 1.490,00 €

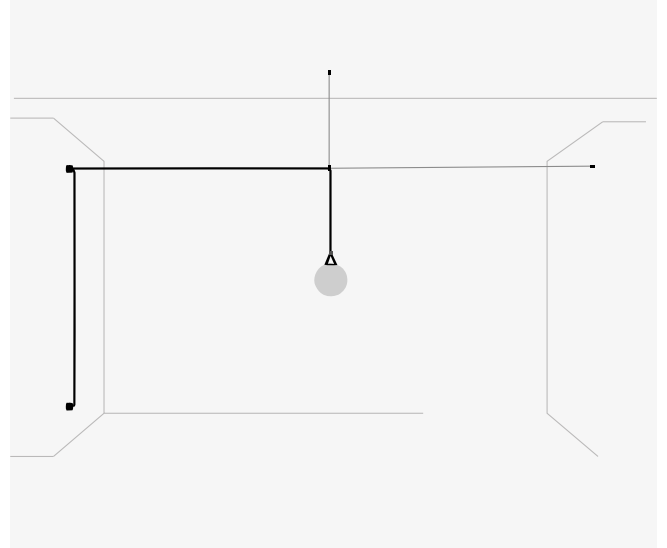

Sketch composed by three identical compositions.

2 luminaires: Sphere 6235 x 2.

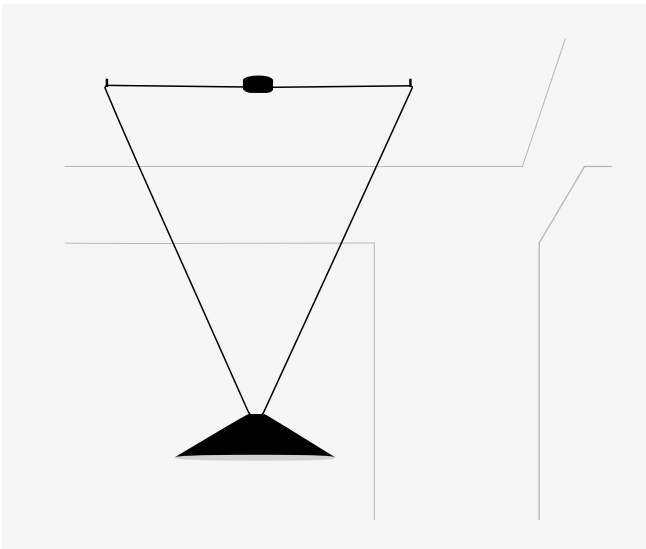

From 1.175,00 € / each composition

Sketch composed by one composition.

1 luminaire: Sphere 6235.

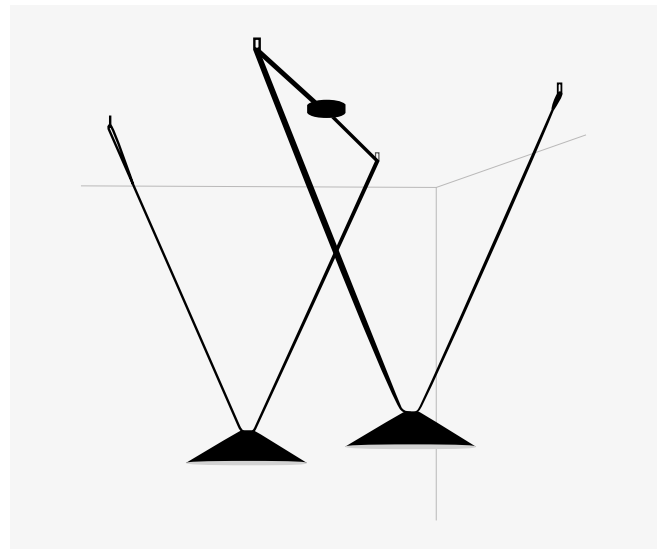

From 970,00 €

Sketch composed by one composition.

1 luminaire: Cone 6245.

From 1.355,00 €

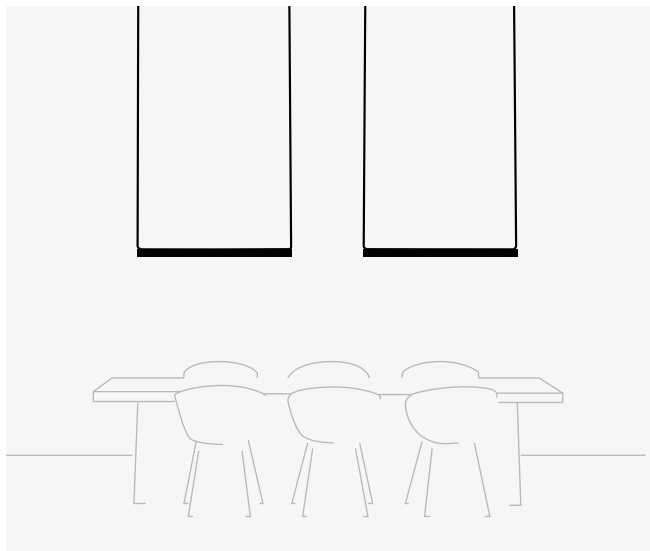

Sketch composed by one composition.

2 luminaires: Cone 6240 x 2.

From 1.880,00 €

## Composition examples for orientative prices

---

Sketch composed by one composition.

2 luminaires: Linear Low UGR High-Comfort 6270 x 2.

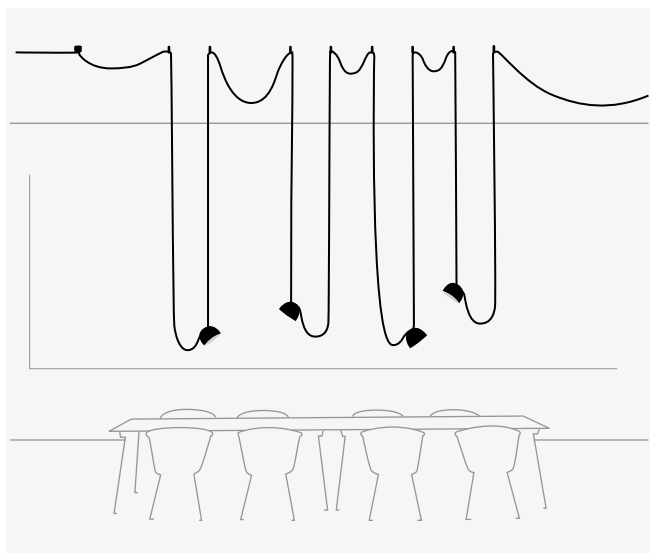

From 2.505,00 €

Sketch composed by one composition.

5 luminaires: Sphere 6230 x 5.

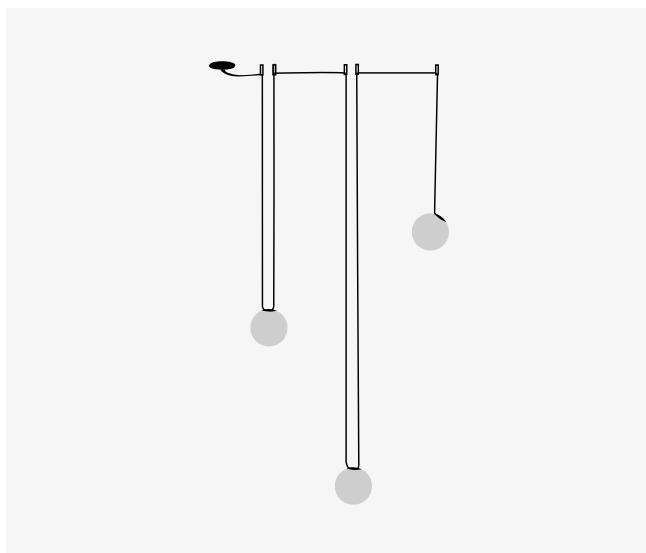

From 2.210,00 €

Sketch composed by one composition.

4 luminaires: Semisphere 6220 x 4.

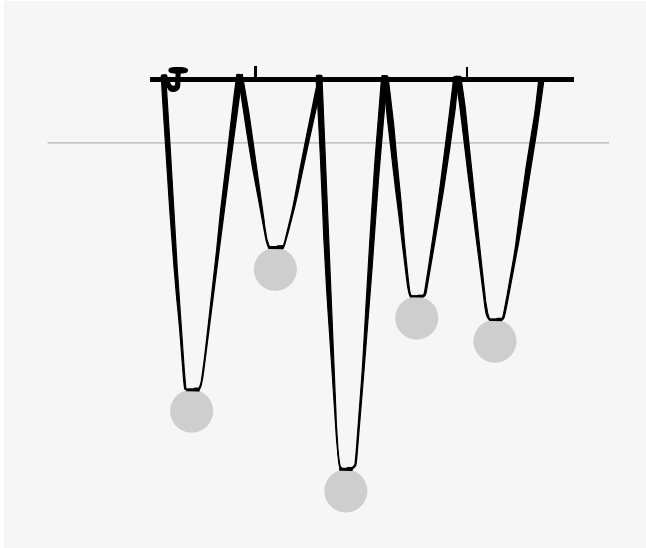

From 2.045,00 €

Sketch composed by one composition.

3 luminaires: Sphere 6230 x 3.

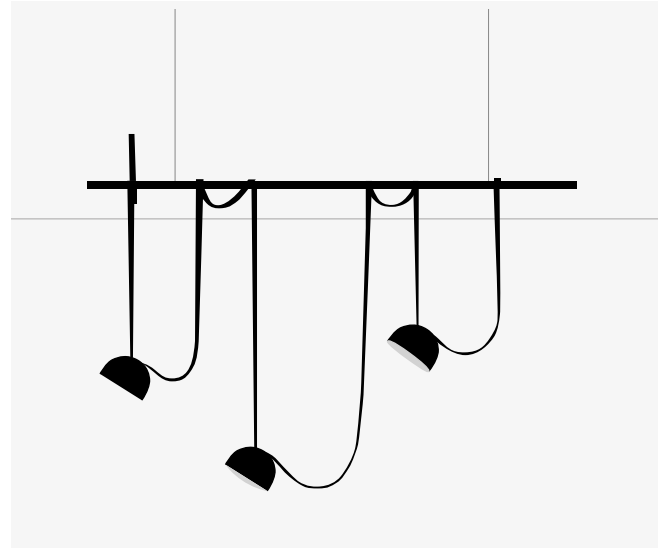

From 1.485,00 €

Sketch composed by one composition.

5 luminaires: Sphere 6230 x 5.

From 2.415,00 €

Sketch composed by one composition.

3 luminaires: Semisphere 6220 x 3.

From 1.870,00 €

# Kontur

Design by Sebastian Herkner

Providing a framework for light, the Kontur collection serves as an elegant stage setting for the linear light source it contains. Its minimalist black frame pairs with different diffusers or reflectors in a poetic balance, creating myriad lighting ambiances.

# Sticks Connectable

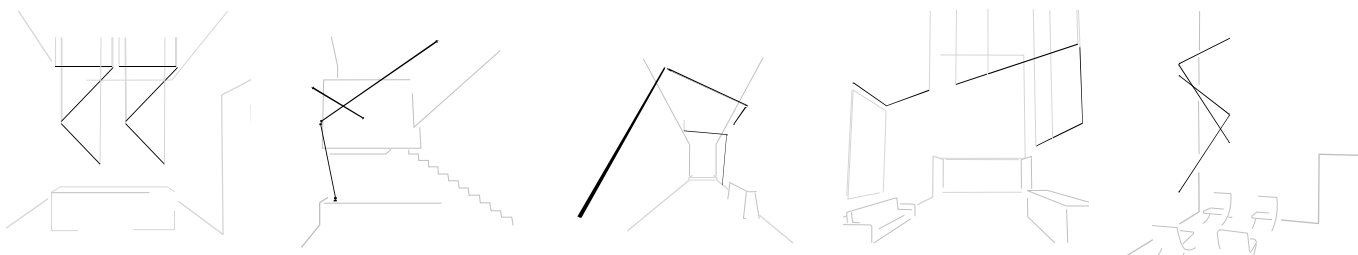

Design by Arik Levy

Fusing technology, space, and architecture, Sticks offers a creative toolkit for integrating light elements in an interior. Pure and graphic, the minimalist aluminum rods transform linear light into floating sculpture.

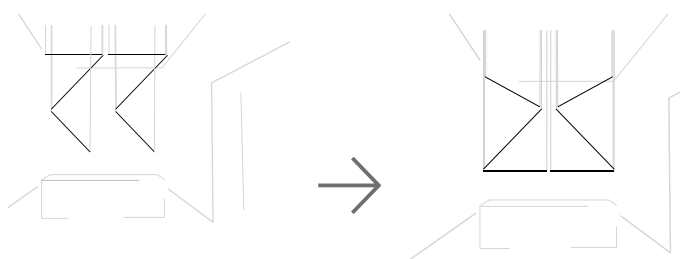

You can chose the desired composition through one of the following three options:

**A - Choose among pre-designed layouts the one that fits with your project and order it directly (see page 366).**

**B - Select one composition on [vibia.com](http://vibia.com) among multiple applications in spaces, and adjust it to your project by modifying:**

- + Length of the sticks.
- + Position of each stick in the space.
- + Colour temperature and dimming.
- + Installation type.

**C - Create your configuration on [vibia.com](http://vibia.com) from scratch in three easy steps, without sketches.**

1

Choose the location for your electrical connection point

2

Add connectable Sticks up to 6.5 meters

3

Configure  
+ Colour temperature  
+ Dimming control  
+ Installation type  
+ Pendants height

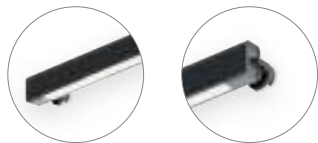

# Technical Specifications

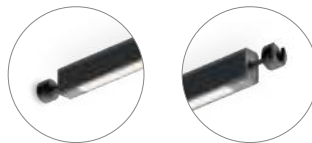

(see page 374)

The Sticks collection has three sizes: 1.5 m, 2 m, or 3 m, and they can be connected one to each other to a total maximum length of 6.5 meters per electrical connection.

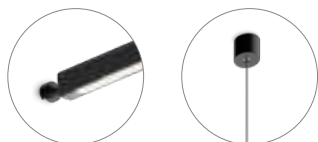

## Wall-Wall / Ceiling-Ceiling

### ST1001

Sketch composed by two identical compositions.

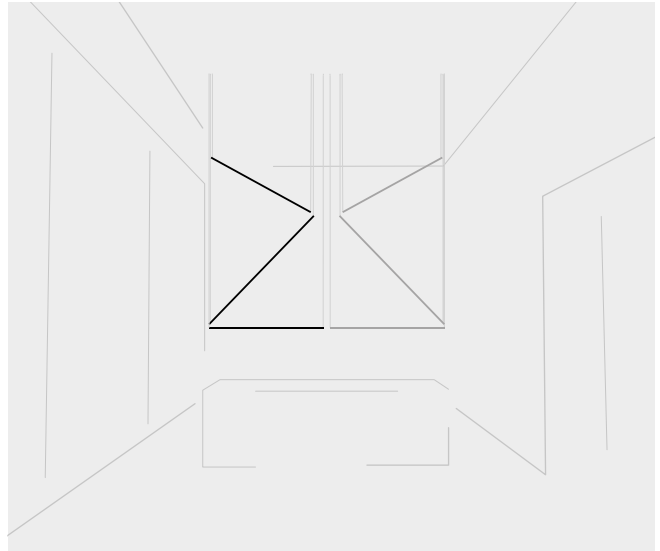

#### Each composition:

3 Sticks: 2 x 150 cm, 1 x 200 cm. Total 5 m.

LED 4000 K. 11870 lm. 88 W.

Remote driver Built-in Micro. 1-10V.

Price 1.715,00 € / each composition

### ST1005

Sketch composed by two identical compositions.

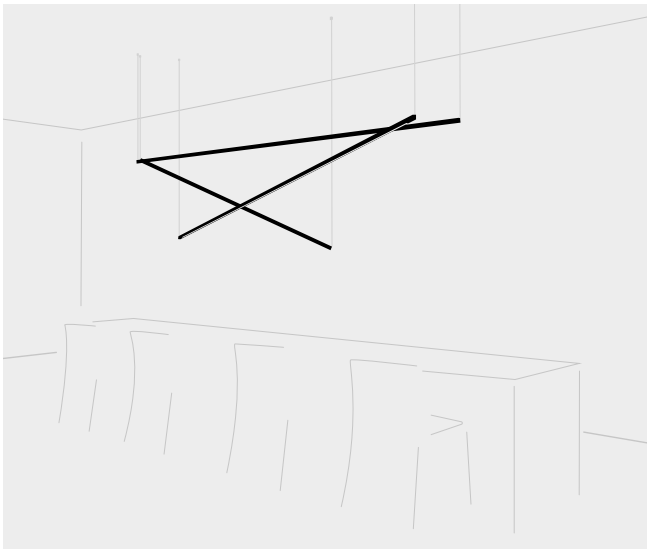

#### Each composition:

3 Sticks: 2 x 150 cm, 1 x 200 cm. Total 5 m.

LED 4000 K. 11870 lm. 88 W.

Remote driver Built-in Micro. 1-10V.

Price 1.715,00 € / each composition

### ST1015

Sketch composed by two compositions.

#### Composition 1:

2 Sticks: 1 x 150 cm, 1 x 300 cm. Total 4,5 m.

LED 2700 K. 9779 lm. 79,2 W.

Built-in disc S canopy. 1-10V.

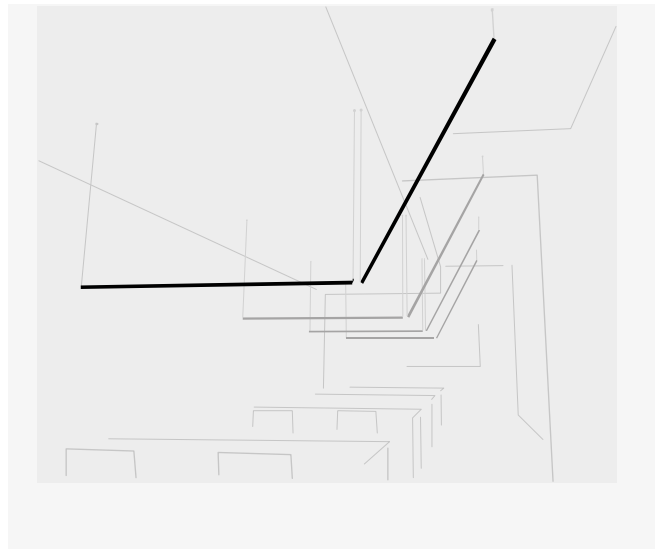

#### Composition 2:

1 Stick: 1 x 300 cm. Total 3 m.

LED 2700 K. 6519 lm. 52,8 W.

Built-in disc S canopy. 1-10V.

Price 2.650,00 €

### ST1021

Sketch composed by four identical compositions.

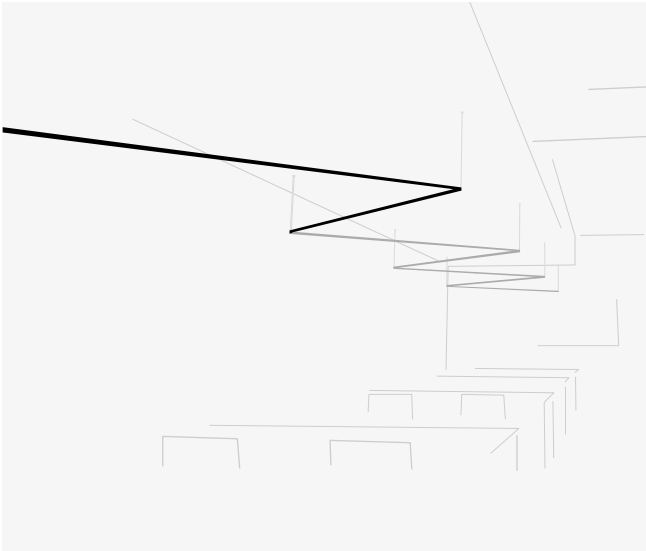

#### Each composition:

2 Sticks: 2 x 200 cm. Total 4 m.

LED 4000 K. 9496 lm. 140,8 W.

Built-in disc S canopy. 1-10V.

Price 1.400,00 € / each composition

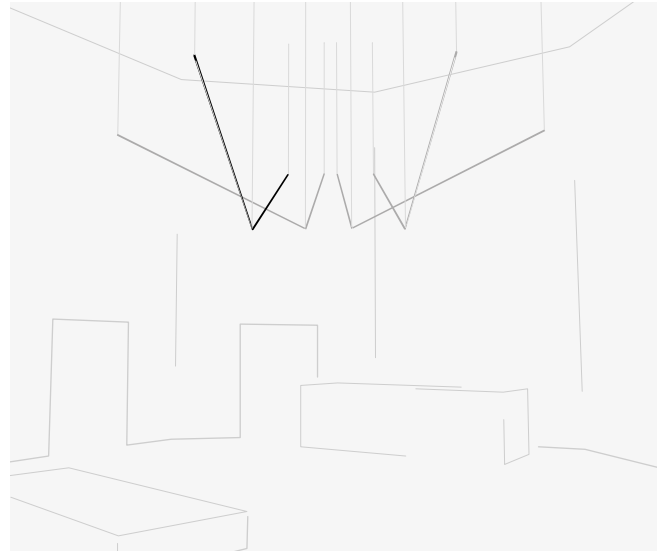

**ST1025**

Sketch composed by four identical compositions.

Each composition:

2 Sticks: 2 x 300 cm. Total 6 m.  
LED 4000 K. 14244 lm. 105,6 W.  
Built-in disc S canopy. 1-10V.

Price 2.015,00 € / each composition

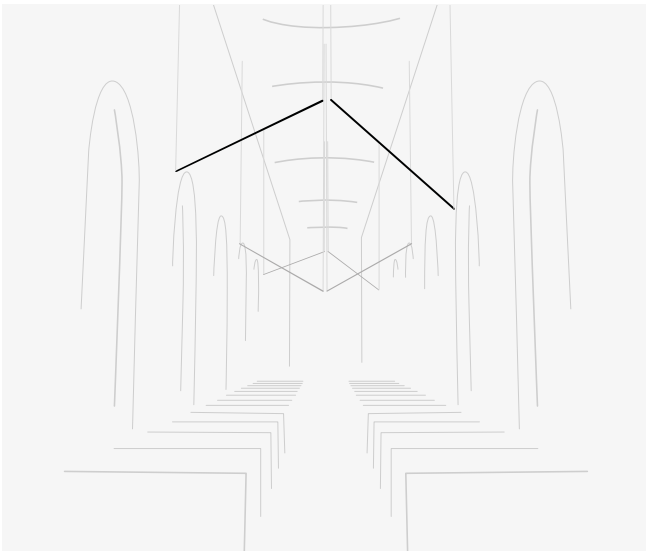

**ST1035**

Sketch composed by four identical compositions.

Each composition:

2 Sticks: 1 x 300 cm, 1 x 150 cm. Total 4,5 m.  
LED 4000 K. 10683 lm. 79,2 W.  
Built-in disc S canopy. 1-10V.

Price 1.550,00 € / each composition

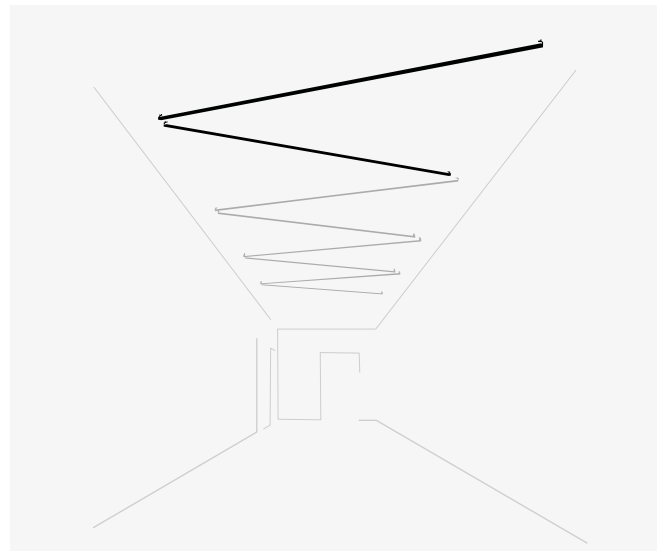

**ST1041**

Sketch composed by three identical compositions.

Each composition:

2 Sticks: 2 x 300 cm. Total 6 m.  
LED 4000 K. 14244 lm. 105,6 W.  
Built-in disc S canopy. 1-10V.

Price 2.015,00 € / each composition

**ST1085**

Sketch composed by four identical compositions.

Each composition:

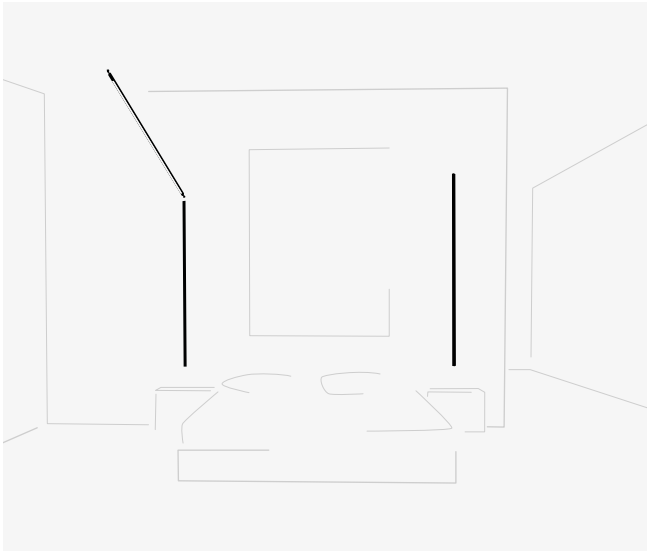

2 Sticks: 2 x 300 cm. Total 6 m.  
LED 4000 K. 14244 lm. 105,6 W.  
Remote driver Built-in Micro. 1-10V.

Price 2.015,00 € / each composition

# Sticks Stand-alone

Design by Arik Levy

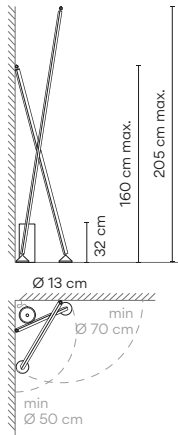

Fusing technology, space, and architecture, Sticks offers a creative toolkit for integrating light elements in an interior. Pure and graphic, the minimalist aluminum rods transform linear light into floating sculpture.

# Knit

Design by Meike Harde

Form, materiality and tangibility collide with the Knit collection. Its texture is magnetic, calling out for us to touch its surface, to feel its warmth and to keep it close. Light seeps outwards through the fabric and downwards through a translucent screen, softening its luminosity.

# Electrical connection options for models 7450 / 7455 / 7460 / 7470 / 7475

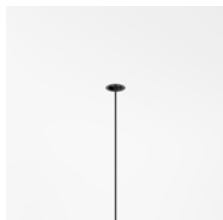

Choose your preferred installation option according to your needs. For each composition, the optimal minimum number of drivers will be delivered.

## Drop ceiling

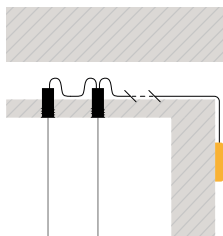

The innovative remote and built-in fittings accentuate the silkiness and lightness of compositions on suspended ceilings, its great visual grandeur taking center stage.

For Ref. 7450 / 7455 / 7460 / 7470 / 7475

### Remote

**Micro**  $\varnothing$  3 cm  
height 7 cm  
for plaster ceilings.  
Black finish.

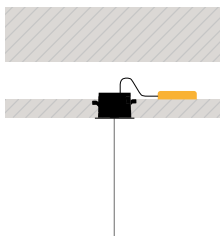

**XXS**  $\varnothing$  6 cm  
height 6 cm  
for all types of drop  
ceilings. Match with  
fixture finish.

### Built-in

$\varnothing$  8 cm  
height 6 cm  
match with  
fixture finish.

---

## Regular ceiling

When architecture does not allow for performance, surface and free wire showcase possibilities for any need or desire with no limits, ideal for both individual or cluster arrangements.

For Ref. 7450 / 7455 / 7460 / 7470 / 7475

# Set

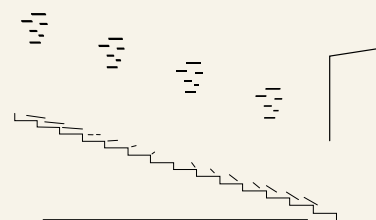

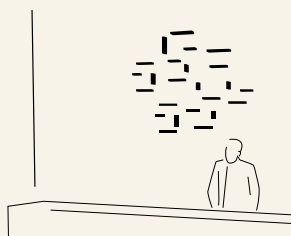

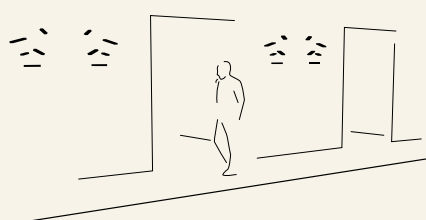

Design by Xuclà

A game of light, shadows and volumes, Set is a new concept of modular wall sconces that composes light as art onto the walls. During the day Set decorates the wall with a pattern of rectangular elements, but once illuminated it creates a surprising feature of lights, shadows and volumes.

Each project is unique. Visit [vibia.com](http://vibia.com) and chose among multiple compositions designed and adapted to your project needs.

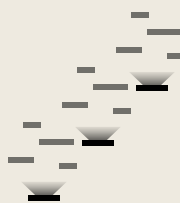

Personalise your own Set composition quick and easy at [vibia.com](http://vibia.com)

# Domo

Design by Ramos & Bassols

Featuring a classic cylinder silhouette, Domo offers refined lighting effect, combining diffusion and reflection. The understated, LED-powered fixture has clean lines and a spherical shape that seamlessly blends into the ceiling architecture.

# 45°

Design by Víctor Carrasco

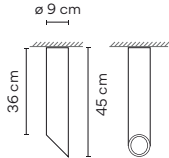

45° fixture features a customised composition of vertical tubes that create a sculptural effect overhead. Suspended from the ceiling like sleek stalagmites, they create an array of glowing accent lighting points.

Materials

Diffuser: Polycarbonate.  
 Tube: Aluminum.

Light Source and electronics

1 x LED 6,1 W 350 mA  
 Constant Current 350 mA  
 110-240V 50/60Hz

Packaging

1 Box 0,21 x 0,21 x 0,48 m  
 Vol 0,0326 m<sup>3</sup>  
 Gross weight 2,9 Kg Net weight 1,95 Kg

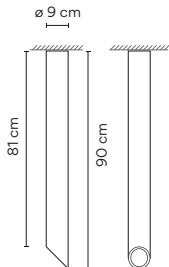

Notes

Surface fitting.  
 It includes interchangeable diffusers,  
 mink or orange finishes

# Match

Design by Jordi Vilardell & Meritxell Vidal

Based on the principle of co-creation, Match is a lighting collection that can be fully customised virtually. Sculptural light structures arranged chaotically and adapted to fit into the room and the space available.

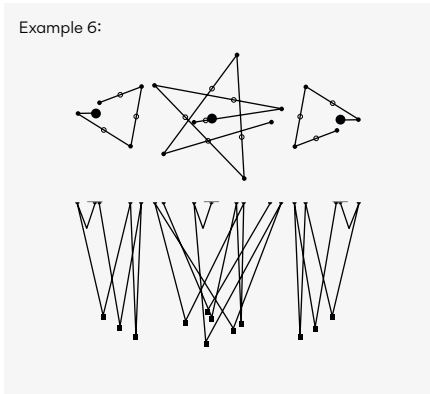

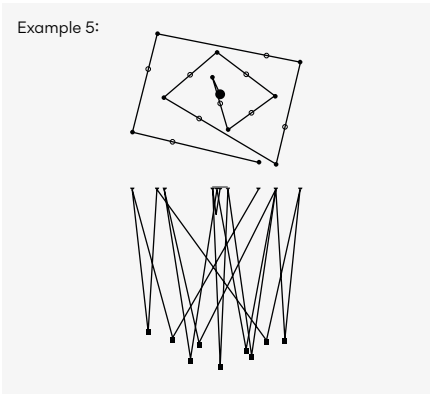

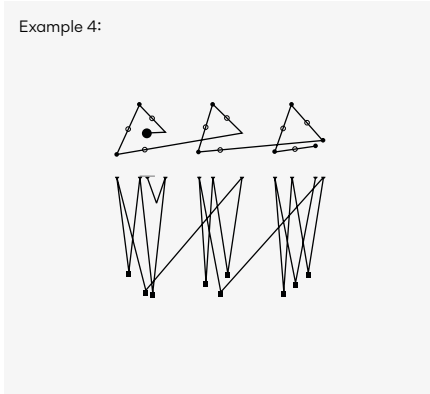

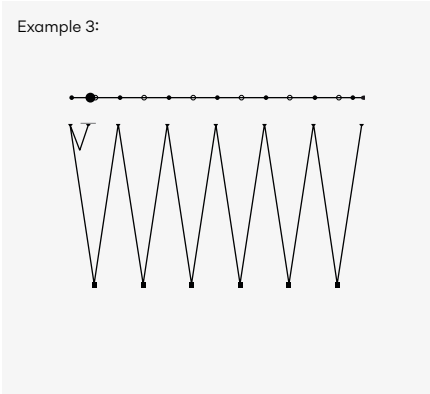

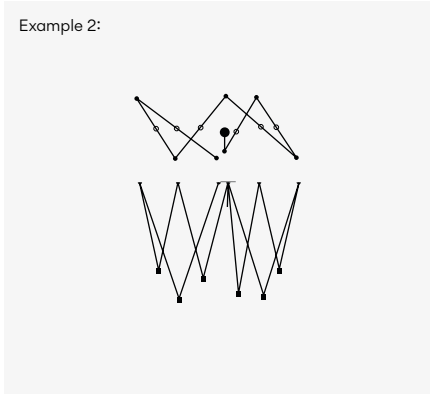

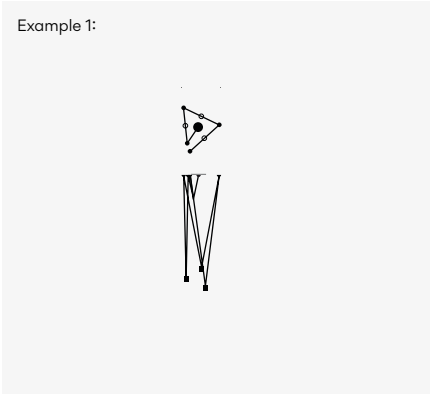

Built-in installation  
-Electrical connection finials: the minimum height is 10 cm and the dimension of the cut-out is 10,5 cm.  
-Nodes: the minimum height is 12 cm and the dimension of the cut-out is 4,5 cm.

Each project is unique. Visit [vibia.com](http://vibia.com) and chose among multiple compositions designed and adapted to your project needs.

Personalise your own Match composition quick and easy at [vibia.com](http://vibia.com)

**It's necessary to make your personalized configuration on [vibia.com](http://vibia.com) to see prices and place orders.**

# Glossary

## CE

Product complying with the EN60598-1 and EN60598-2-1 European regulation.

Product complying with TP TC 004/2011 and TP TC 020/2011. Custom Union Regulation

Product that complies with the law N24-09 of the current Moroccan legislation.

## IP

Level of protection. Electrical products are prepared to avoid solids and liquids from getting in contact with the electrical parts. Such resistance is expressed as IP followed by two digits: the first digit indicates the level of resistance to solid objects and the second one to liquids. The scale goes from IP20 to IP68.

Product protected against solid object as big as or bigger than 12 mm. No protection against water.

Dust-tight product. Protected against water spray.

Dust-tight product. Protected against water trickles.

Dust-tight product. Protected against water spurts.

## Insulation class

Class I. Product with an additional protection cable (grounds).

Class II. Product protected against electric shock having a double insulation. No grounds.

Class III. Product protected against electric shock based on a very-low voltage system. No grounds.

## Flammable surfaces

Product suitable to be installed on any kind of surface (EN 60598).

Product that **CANNOT** be in contact with normally-flammable materials (wood or others).

Valid for the range 110V-230V, 50-60Hz.

Valid for the range 110-277V, 50-60Hz.

Contains lithium-ion battery. Li-Ion battery must be disposed of into label containers, returned to special waste collection points or retailers of electrical equipment.

## Cut out

Property for embedding dimension.

## No electronic equipment included

The lamp does not include any electronic equipment (transformer, driver, ballast...).

## Integrated Dimmer

Lamp that has a integrated dimmer.

## EU Energetic label

More Efficacy

Less Efficacy

## Light source information

CRI  
Colour rendering index.

K  
Colour temperature.

lm  
Lumen, unit of measurement of luminous flux.

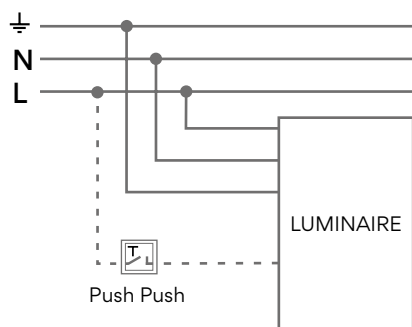

lm/W  
Light source performance. Relationship between the luminous flux (lm) and the power consumed (W) by the source.

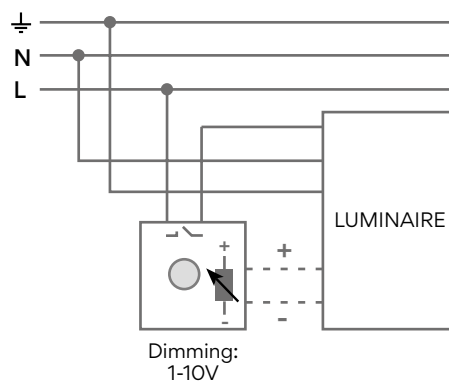

LED included.

# Lighting control systems

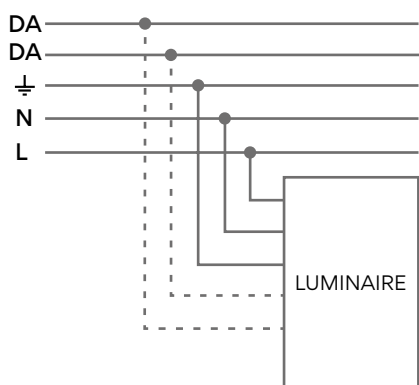

1 Push control

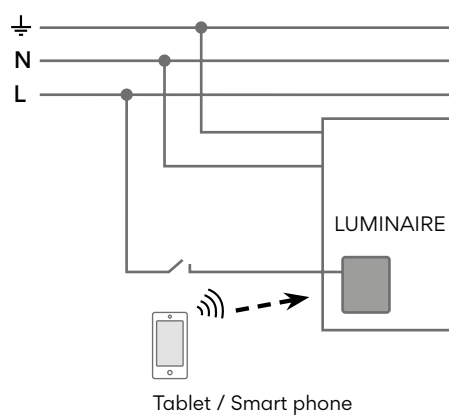

2 1-10V System control

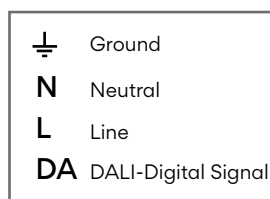

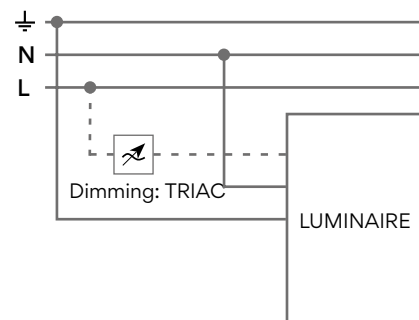

3 DALI System control

4 Casambi control

5 TRIAC control

**Very important**

Vibia Lighting S.L.U. has the right to change any model or finish of the products included in the picture catalogue without any previous notice.
