Configuration examples

Aether

Aatismo

Aether lamps change shapes and nuances from every angle.
Aether and the smaller version Aether S allow multiple compositions
for both contract and residential environments.

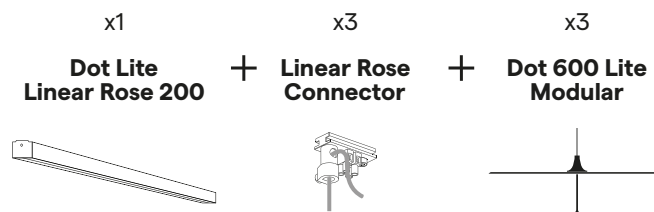

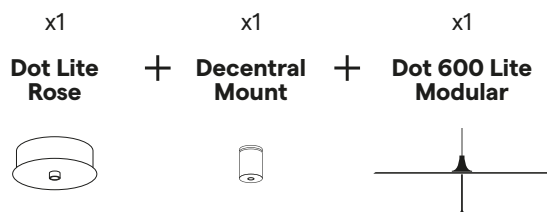

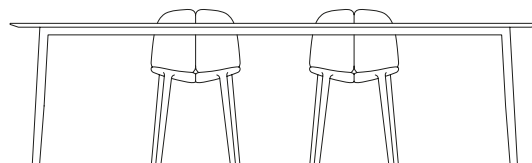

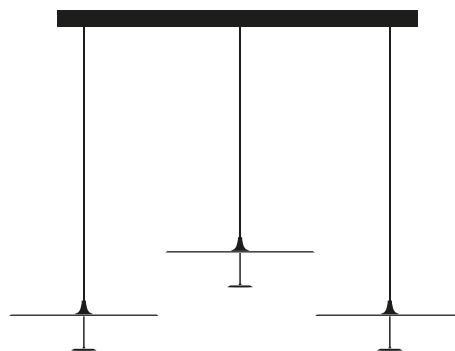

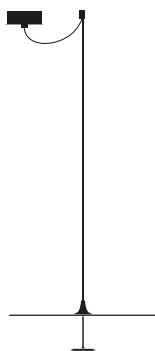

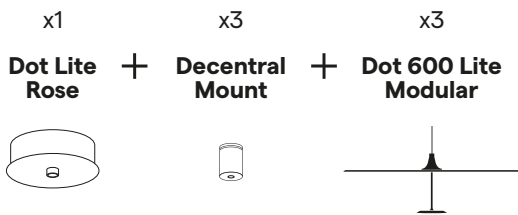

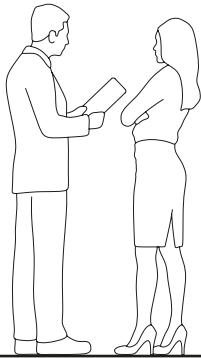

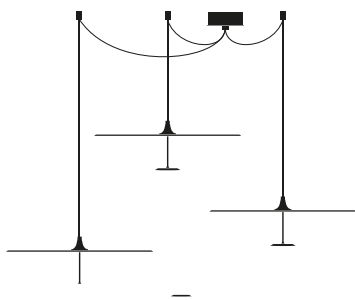

Dot 600 Lite

Foster + Partners

Dot 600 Lite is designed with the aim of creating clustered solutions to illuminate and furnish spaces of large dimensions. Dot's clusters provide excellent light distribution, as well as the ability to adapt to any environment.

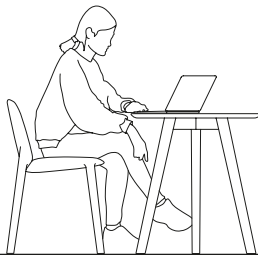

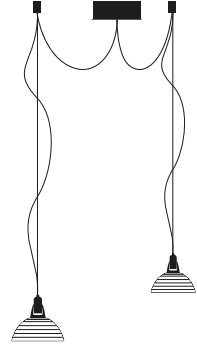

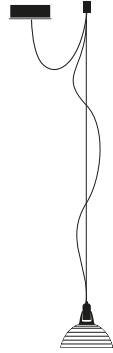

Galileo

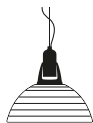

Emanuele Ricci

Galileo, a timeless icon of Lumina.
Recently relaunched with new LED source, it can now be used in single
or multiple configurations, also upgrading the previous halogen version.

Limbus

Emanuele Ricci

The Limbus is a direct light pendant lamp that looks like a small luminous planet shining its light downwards. This lamp is a perfect synthesis of form and function, in which optics, thermodynamics, glass engineering and precision metal working combine to create a pure and essential product in the most authentic Lumina style. Perfect for home and contract.

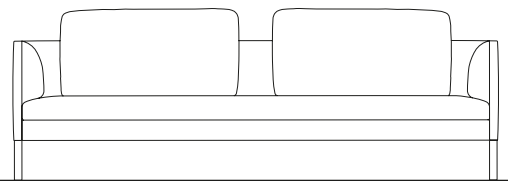

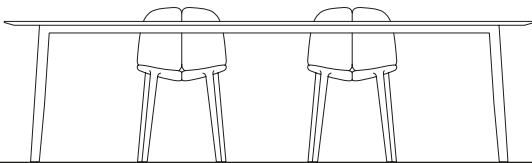

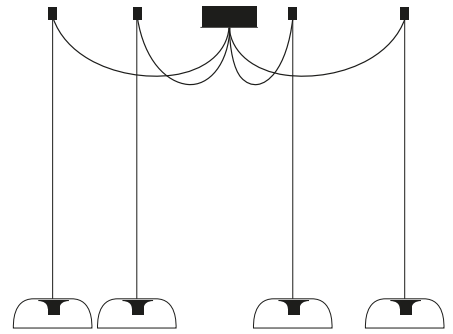

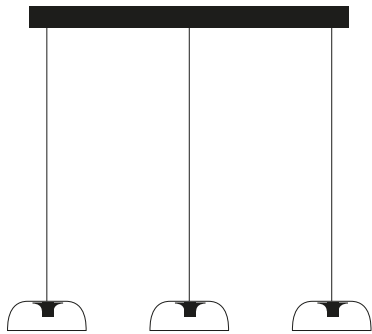

Tia 200

Foster + Partners

Tia is a suspension lamp characterised by simple and balanced shapes, yet containing a high level of technological equipment: the inspired harnessing of technology to a minimalist aesthetic makes this lamp a timeless object for single and multiple applications.
